# CHICAGO FACES COAL STRIKE

## \$190,000,000 Taxes Refunded by U.S.

### 25 MILLIONS GIVEN BACK TO CARNEGIE STEEL

### John D. Is Repaid \$157,000.

(Chicago Tribune Press Service.)

Washington, D. C., Dec. 26.—(Special.)—With a single income tax refund of \$25,447,259, the Carnegie Steel Company of New Jersey, a subsidiary of the United States Steel Corporation, stood highest on the list of 1929 income tax collections sent to Congress today by the treasury department.

The Carnegie company, refunded, by the largest made to any concern, represented 13 per cent of a grand total of \$190,000,000 which the United States Steel Corporation, through its subsidiaries, returned to the taxpayers of the country during the twelve month period ending June 30.

Based on Court Rulings.

The second highest refund, \$6,456,000, was made to the William W. Waller Trust of New York. The refund was based on court rulings returning practices followed by the company in assessing taxes over a period of years.

Among others who received refunds were John D. Rockefeller, New York, \$1,572,237, and Mary Pickens, Hollywood, who was refunded \$100,000.

The Marine Securities Company of New York, granted a refund of \$1,004,000, topped the list in Illinois, although its other big concerns in and near Chicago were overtaxed and returned more than \$100,000 each.

Refunds in Chicago Area.

About 2,500 individuals and firms in the Chicago collection district benefited to the extent of more than \$500, the treasury report showed. Those receiving more than \$100,000 were as follows:

Marine Securities company, Evansville, \$1,004,000; Standard Gas and Electric company, \$991,721; O'Garra company, Frank G. Gardner, trustee, \$239,477; Stanley Field, \$271,000; Midwest Utilities company, \$109,381; The Tribune company, \$132,000; The American company, Rockford, \$129,377; Western States Gas and Electric company of Delaware, \$101,000; Coal Properties of C. & E. I. company, \$100,000.

New York had four taxpayers, aside from the Astor trust, granted more than a million dollars. These were W. R. Grace & Co., \$2,510,449; the estate of W. P. Clyde, \$1,404,930; the Central Leather company, \$1,104,930; and the estate of Ambrose Morrill, \$1,004,000.

The Ohio concerns came within the million class, the Ohio Oil company, which was granted \$1,789,340, and the Thompson Street and Tube company, \$1,004,000.

In Michigan the estate of Mrs. Alice G. Klen was by far the largest, benefiting to the extent of \$2,134,780. Senator James Couzens (Rep., Mich.), the last three largest Michigan refunds were Postum Cereal company, Battle Creek, \$589,941; Hudson Motor car company, Detroit, \$335,443; and Mitchell Diggins Iron company, Cadillac, \$209,395.

Wisconsin Also Benefits.

The largest refunds in the other Chicago area states were in order of size as follows: Northwestern Mutual Life Insurance company, Milwaukee, \$1,004,000; Beaman Body Corporation, Washington, D. C., \$1,123,254; Plankin Packing company, Milwaukee, \$1,004,000; Del Norte company, Eau Claire, \$1,004,000; and the Federal Trust and Loan company, Milwaukee, \$1,004,000.

Illinois—Cole Motor Car company, Springfield, \$221,218; Ball Brothers company, Mendota, \$126,542; C. G. Smith, Ltd., Elmhurst, \$54,325; Mossman-Barnette company, Fort Wayne, \$1,004,000; and the Tractor National company, New Castle, \$26,172.

Bankers' Life company, Des Moines, \$112,113; Equitable Life Insurance company, Des Moines, \$58,411; and W. J. Young, Clinton, \$54,000; Mississippi River Power company, St. Louis, Mo., \$59,757; and R. H. Rock, Dayton, \$52,163.

Following is the complete list of individuals on page 10, column 1.

### REDECORATING ST. JAMES' PALACE FOR THE NAVAL CONFERENCE

### FLOOR WALKER HERE MAY SHARE IN \$14,000,000

(Chicago Tribune Press Service.)

Edward J. J. Payette, floor walker at a downtown department store, who lives at 11550 Perry avenue, last night was awaiting word from lawyers as to his probable chances of obtaining part of the reputed fortune of \$14,000,000 left by his grandfather, Francis Payette, formerly of Montreal, Quebec, Harry J. Berman, Chicago attorney, will reach Montreal tonight to investigate Mr. Payette's claims.

Payette's grandfather, who died in 1876, provided in his will that his estate should be divided among his grandchildren only after the deaths of his four sons and one daughter and the deaths of their widows and husbands. The last survivor of these, Edward J. J. Payette's stepmother, died in 1926.

Meanwhile, Mr. Payette—understands, the estate has been in the care of a railroad company. Mr. Payette has lived in Chicago all his life and does not know how many grandchildren there may be. He is the father of 12 children, nine of whom are living.

Meanwhile, Mr. Payette—understands, the estate has been in the care of a railroad company. Mr. Payette has lived in Chicago all his life and does not know how many grandchildren there may be. He is the father of 12 children, nine of whom are living.

### Bergdoll, U.S. Slacker, Buys 'Hush' Refuge

BY SIGRID SCHULTZ.

(Copyright: 1929: By The Chicago Tribune.)

BERLIN, Dec. 26.—The headquarters of Grover Cleveland Bergdoll, American millionaire draft dodger, are in the village of Huefenehardt, near Mosbach, in the beautiful and hilly vine country between Heidelberg and Heilbronn, but right now Bergdoll is away. A friend gives assurance that he is in Switzerland, where he will remain until after the new year.

The village of Huefenehardt, headed by Bergdoll's distant cousin and brother, has appointed itself a voluntary bodyguard for the exiled American. The entire village is trembling with fear that some day a new attack will be made by Americans to capture Bergdoll and it has taken all precautions to prevent his capture. There is something of the old time fealty in their attitude to the American living in their midst.

Villagers Lie to Front.

The village of Huefenehardt looks to him for help when it is hard up. In return it helps keep him amused, goes hunting and fishing with him, plays cards with him, drinks with him. Lies for him when inquiring reporters turn up, and will fight tooth and nail for him upon the slightest provocation.

The village greets you with surly distrust and watches every step you take if you ask for Bergdoll. "We have not heard from him for two years," every villager says blithely, but that is not true.

Nearby Mosbach has heard Bergdoll telephone from Huefenehardt. Its inhabitants have met him in the nearby countryside all through the summer and fall.

Dodger Growing Stout.

After a long siege one of his friends finally talked, but tremblingly, "last other villagers hear him. He whispered that Bergdoll was in Switzerland for Christmas and New Year's. He has grown very stout and this friend expressed the hope that he would go in for winter sports and shed some of the years that fat has laid on his shoulders."

"He looks more like a man of 50 than a man around 40 has a right to," the friend added.

That Bergdoll has settled down and become quieter can be gathered from conversations in Mosbach and Weinsberg. There you hear that he is still true to his sweetheart, the daughter of a gardener, Emil Frank. Formerly the gardener lived in a tiny house on the grounds of a sanatorium for the insane at Weinsberg, near Weinsberg. Now they live in splendor in the front part of a newly built villa in Weinsberg, while in the back part of the house lives the rector of Weinsberg's biggest school.

Local gossip says this extraordinary social rise of the humble gardener is due only to substantial subsidies from Bergdoll to his prospective father-in-law.

When I called on the former gardener he said: "We last heard from Herr Bergdoll last Christmas, when he wrote, saying he was leaving Germany forever and was going to Switzerland. He is nowhere in Germany." But Herr Frank's voice was not convincing.

Meets Sweetheart Near By.

His pretty daughter kept peeping anxiously at me from behind a curtain and she certainly did not look like a girl whose sweetheart had left her. Inquiry revealed that Bergdoll still meets her quite frequently in Jagstfeld and Heilbronn and that the girl is convinced he will marry her soon.

Bergdoll has no car, because he fears that would be too conspicuous. Mosbach friends say that Bergdoll is receiving money regularly from his mother, Mrs. Emma C. Bergdoll. To his credit Bergdoll never speaks of returning to America.

### THE WEATHER

FRIDAY, DECEMBER 27, 1929.

Sunrise, 7:17; sunset, 4:55. Moon rises at 5:30 a. m. on Saturday. Mars and Venus are morning stars; Jupiter is an evening star.

Chicago and vicinity—Partly cloudy to cloudy and somewhat colder Friday, with mostly moderate to fresh west to northwesterly winds; Saturday mostly fair.

For 24 hours ended at 7 p. m. Dec. 26: Mean temperature, 33 degrees; normal, 36. Highest wind velocity, 21 miles an hour from the southwest at 5:21 p. m.

Barometer, 7 a. m., 29.80; 7 p. m., 29.68. Precipitation, none; excess since Jan. 1, 4.21 inches.

Official weather table on page 29.

### DEALERS, UNION DEADLOCKED ON RACKET ISSUE

### Barker Must Go, Haulers Told.

The coal business of Chicago, or most of it at least, may be tied up within a few days by labor trouble, it was indicated last night, because George Barker, well known labor racketeer and an ex-convict, is business agent for the Chicago Coal Teamsters, Chauffeurs and Helpers' union, local No. 704.

What may be a crisis in the local coal industry was brought about by the insistence of State's Attorney Swanson that the Chicago Coal Merchants' association, the organization of coal dealers, come to his office with "clean hands" if they expect any consideration in the investigation now being conducted by the prosecutor. The inquiry was started by the charge, made some months ago, that the merchants were working in collusion with the union officials to prevent the independents from underselling.

Ask Removal of Barker.

In pursuance of Prosecutor Swanson's ultimatum, Jacob Best, president of the association, notified the union that his organization would not negotiate a new agreement until Barker is removed. The working agreement between the dealers and the union expires on Jan. 1.

Milton Booth, president of the union, replied to Mr. Best's ultimatum that the union feels it is none of the association's business who its officers are. With the working agreement expiring within a week, the association's fears gave no indication last night of backing down from their demands even at the expense of a strike and the possibility of residents facing a coal shortage in midwinter.

Dealers in the Middle.

"We do not want a strike," said Mr. Best, "but what can we do?" On the one hand we are told by the prosecutor to have no dealings with the union and on the other hand our agreement with the union is soon to expire. The union never allows work without an agreement at least being negotiated at the time the old agreement expires.

Should a strike be called a coal shortage would exist within 48 hours. With the speeding up of the railroads in recent years the dealers do not have to carry a three or four weeks' supply, as in the old days. It would not take more than 48 hours to bring about a shortage.

"The office buildings and apartment buildings have not much of a supply on hand due to the tight money market. We have been wary of selling coal on credit and as a result I do not believe many people are prepared for any possible trouble in the coal industry. The small home owner as a rule buys from hand to mouth, a ton now and then as needed, and that is particularly true this year."

Will Stand by Guns.

"The situation is grave and the last thing the dealers want is a strike, but we have taken our stand as to Barker and intend to stick by our demand."

Edward R. Foley, chairman of the labor board of the association, said he and his associates are standing by ready to negotiate the new agreement with the union the minute Barker is out of his labor agent job, but until then they will not treat with the committee appointed by the union.

Letters Are Exchanged.

In the exchange of communications between the association and the union is a letter dated Dec. 2 and addressed to Foley as head of the association labor board. The letter is signed by Booth, the union president. It says: "At the last meeting of this local union a committee was appointed to negotiate a new wage scale with the Coal Merchants' association."

"We would be pleased to meet the committee of the Coal Merchants' association at their earliest convenience."

The reply was sent on Dec. 4 by Mr. Best to Booth and reads: "Your letter of Dec. 3 addressed to Mr. Foley, wherein you state that a committee was appointed by the local union to negotiate a new wage scale with the association, has been referred by Mr. Foley to me."

"The agreement between this association and your union expires, by its terms, on Jan. 1 next, and we beg to notify you that unless and until George Barker has been eliminated from the affairs of your union and all connections severed, our association will not negotiate any new agreement with you."

(Continued on page 2, column 4.)

### Shade of Dead Wife Haunts Gunman in Cell

The shade of the wife he was accused of having killed nearly four years ago came back to haunt William (Dutch) Emmerling last night in a detective bureau cell.

Once a formidable lieutenant of Joe Salts and a daring safe blower since the Salts gang broke up, Emmerling quaked with terror when the cell keeper dimmed the lights last night.

On hands and knees he crawled from corner to corner, moaning and shaking his tousled head. His trousers were worn through at the knees and his palms were black with the grime of the concrete floor. The prisoner had been creeping on all fours for forty-eight hours, his jailers said.

In Court Again Today.

Today he will be taken before Judge Fetzner in State street court to answer a charge of disorderly conduct. Lieut. Richard Barry, night commander at the bureau, said he should be taken to an asylum.

Emmerling screamed in terror when Lieut. Joseph Kelly and his squad thrust him into a cell on Christmas eve. He had previously been released on bonds pending an appeal to the Supreme court following his conviction on a charge of robbery. He was celebrating his freedom with a spree when he fired five shots into the walls of his host's apartment at 5154 South May street. It was then Lieut. Kelly's squad seized him.

"Don't leave me here alone, boys," he begged police after they locked him up. He was still affected by liquor and the squad men, paying no heed, walked away.

Sees Wife in Corner.

But the long hours sobered him before the lights were dimmed at 10 p. m. The lockup keeper, making his rounds soon after that, saw Emmerling crouched in a corner staring fixedly into the dark and whispering, "I see you, in that corner, Sadie. Go away!"

## LOESCH ANSWERS JUDGES' ATTACK ON CRIME BOARD

### Commission Declines Bid to Conference.

The Chicago Crime commission yesterday issued an answer to charges made by the judges of the Cook county Criminal court that the commission was obstructing the administration of justice.

At the same time the directors of the commission declined an invitation from the judges to engage in conference on the subject tomorrow afternoon.

Frank J. Loesch, president of the commission, in a letter delivered last night to Denis J. Normoy, chief justice of the Criminal court, gave the commission's reply to the judges' criticisms, and explained why their invitation to a meeting could not be accepted.

**Matters Too Premature.**

In this regard the letter, which was approved by the directors of the commission at a special meeting held yesterday, stated the following:

"The Chicago Crime commission is in sympathy with the proposal for a conference. In the opinion of its directors, however, such a conference would be premature until the matters to be discussed be so outlined and arranged in advance that the meeting may be of real value and effective from the public point of view. It is suggested, therefore, that a preliminary understanding be had between representatives of the judges and the Chicago Crime commission with a view to determining a definite program for such a conference."

The body of Mr. Loesch's letter took up each of the charges contained in the letter transmitted by Chief Justice Normoy to the directors of the commission. On some of the points Mr. Loesch politely questioned the truthfulness of Normoy's statements.

**Text of Letter.**

Mr. Loesch's letter, in part, follows:

"You state that publications have appeared in local newspapers purporting to come from the Chicago Crime commission and that these comments are calculated to create the impression that in the Criminal courts, justice is sufficiently and indifferently administered."

"In answer to this your attention is invited to pages 241 to 243, inclusive, of the Illinois Crime Survey, edited by John H. Wigmore, in which has been given the result of answers received from a questionnaire sent to 1,000 citizens in Cook county and 1,000 jurymen who had served in the Criminal court. The consensus appears to be that criminal justice is sufficiently and indifferently administered."

"You state further that, 'There is present in each court room an agent of the Chicago Crime commission whose duty apparently is to observe and minutely report upon each proceeding judge. His reports are secret, never submitted to the judges nor otherwise published.'

**Records Open to Judges.**

"The Chicago Crime commission has as observer in each branch of the Criminal court. It is the duty of each observer to report, not minutely on each judge, but fully and accurately the course of an indictment trial. This, incidentally, is the right of any citizen. These reports are at the service of any judge at

## Announces Engagement at Daughter's Debut

MRS. FLORENCE BOURNE.

any time, as has been frequently reiterated during the last ten years.

"You state that the reports of the Chicago Crime commission 'clearly indicate a purpose to incite public prejudice against the courts, to impair respect for them and to disregard their authority.'

"It is difficult for the members of the commission to believe that you can really think they have any such purpose."

"A paragraph in your letter is this: 'You have given out the statement that the calendars of the Criminal court are congested. This is not true. The facts are that with only eleven judges sitting here, on the basis of three set cases per day, there are only sufficient cases upon the calendar to have work ahead of each judge for not more than thirty court days.'

**Waited for 11 Years.**

"If the calendar is not congested and can be cleared in thirty court days it should be done and the commission will gladly give widespread publicity to this accomplishment. It is something for which the public and the commission have waited for eleven years."

"Unfortunately for this optimistic point of view, the records disclose that there were 1,223 cases pending on Dec. 19, 1929. The case of one defendant in jail awaiting trial has been continued 23 times before six different judges, while one bail case has been on the docket for more than two years. New indictments are also to be considered. Using your figures of three cases per day for each of the eleven sitting judges and estimating twenty-four court days to the month, you provide for the disposition of 792 cases monthly. The average monthly number of cases disposed of in the Criminal court during 1929 is 428. If the Criminal courts are able to accelerate their processes to the extent you

anticipate, the performance will have the unqualified approval of the people of Cook county."

**Lack of Energy Responsible.**

"Early last summer, when the greatest number of judges was assigned to the Criminal courts, energy dropped so seriously that all hopes of clearing the docket disappeared. In line with its policy to report matters as it finds them, the commission disclosed the situation. That the commission has been of great service to those entrusted with the administration of criminal justice is apparent from the statements of approbation made by various judges and officials from time to time during the last eleven years."

MISS CAROL BOURNE.

## MOTHER, CHILD, LOST IN STORM, DIE ON MOUNTAIN

Huntsville, Ala., Dec. 26.—[Special.]—Lost on a familiar mountain top only three-quarters of a mile from home, a mother and her infant son died last Sunday in a raging blizzard. Two of the woman's other children wandered about the mountain until they located their home late this afternoon.

A pitiful tale of hunger, exposure and death was related by the oldest of the children, a 14 year old girl, when she staggered into her father's home carrying her 7 year old sister. Her mother, Mrs. Frank Marcum, died from the cold Sunday and a short time later the smallest child died, the girl said.

The little group had driven from Lincoln, Ala., to the foot of Sharp's mountain, and began a three mile walk up the road to the summit where their father lives. They became lost and wandered about Friday, Saturday and Sunday while a blizzard, one of the worst in ten years, raged through the entire south.

Following the death of the mother and baby boy the oldest daughter wrapped herself and little sister in her mother's outer garments and continued wandering about until she reached her father's cabin.

Mrs. Marcum's body was found late today in a hollow tree where it had been dragged by the daughter for protection. An ambulance was sent to the remote mountain home, 25 miles from here, to bring the two girls to a hospital.

## Asks Injunction to Prevent Leaving of 10 Story Hotel

A petition for an injunction to restrain the 10 story Lansbro hotel building at 1034 North Dearborn street from leaving on the 1030 North Dearborn building was filed yesterday in the Circuit court against the owners of the Lansbro hotel by the 1030 North Dearborn Building corporation. The bill charges that the Lansbro hotel was erected in 1926 on an improper type of foundation and that it has been settling on to the adjoining 16 story apartment hotel.

## Science Scrutinizes Silk Hose, Says Cheapest Often Is Best

Des Moines, Ia., Dec. 26.—(AP)—Science is going to help American women buy their silk stockings.

A plan for this was described to the education section of the American Association for the Advancement of Science today by Miss Rosemond Cook of the department of home economics at the University of Cincinnati.

She said that women who buy for durability fail to get it, that those who buy for appearance get still less durability, and that price is no criterion of quality. These findings came from tabulations of actual purchases of hundreds of women. The figures were compared with the real "low down" on the stockings, obtained from manufacturers who, Miss Cook said, are interested in helping the Cincinnati research.

"We found," said Miss Cook, "that price and quality do not run parallel, which breaks down an idea we all have held that the higher the price, the better the quality. We found this true in other lines of merchandise also."

In the test stocking purchases, prices ranged from \$1.50 a pair to \$2.95, but the real quality as shown in laboratory research, ranked the \$1.50 hose ahead of all but one of the more expensive kinds.

## Scholarships Accounted For

Seven hours a week is approximately the difference between high scholarship and poor scholarship in college, a survey of 245 college freshmen has indicated, Richard S. Uhrbrook of Cornell university told the assembled educators.

"The high scholarship men," Uhrbrook said, "averaged 56.57 hours per week on school work of various types, while the students on probation spent 49.52. The difference, or 7.07 hours, represents approximately a full working day each week."

He gave the following general ac-

count of the students with high scholarship:

"They spend more time in class attendance, and studying at home, and less time in physical exercises, attending movies, plays, concerts, on parties, dances, dates, card playing, and sleeping."

## Poor Spellers, Take Comfort

There are 394 million ways of spelling the word "circumference." These millions of spellings for just one word are phonetic-spelling the word as it sounds, like using "thore" for thorough. Moreover, all of them are from the live speech of daily English, and not mixtures of slang. They are made by using combinations of letters in other words which give the sounds in "circumference."

They illustrate, Dr. Ernest Horn of the University of Iowa told the education section, the extreme difficulties facing educators who would make spelling more rational.

"Our alphabet is inefficient," he said. "There are more sounds in English than there are letters. The sound of long 'e' can be made in 23 ways. There are 47 sound-letter combinations which the child must learn for the letter 'a' alone by the time he has finished the third grade."

"Such hope as exists for rationalizing spelling is to be found first in the gradual casting out of parate letters—dropping the 'u' in words like honour—and second by teaching the rules by which prefixes and suffixes are added to base words to make derived forms."

## Canada to Redeem Loan

of \$20,000,000 on Feb. 1

OTTAWA, Dec. 26.—(AP)—Charles Dunning, Canada's new minister of finance, told a radio audience tonight that the dominion would redeem in cash a loan of \$20,000,000 payable on Feb. 1.

# MENTAL IDEAS LAST ROMANCE; HUSBAND SUES

**Books \$100,000 for Loss of Wife's Love.**

(Picture on back page.)

A man of oriental and occidental blood, which shattered the romance of a talented girl of Armenian descent and an American college graduate, was estimated yesterday with the filing of a \$100,000 allegation of affection in the Circuit court. The suit is brought by Gifford De Witt Youngblood, 33 years old, of Corydon, Ia., against the affections of his wife, Florence Youngblood, against Dr. H. Magarian, her wealthy adviser, and his wife's parents, Mr. and Mrs. Louis Jacques.

Youngblood is a graduate of the University of Iowa and is employed as a salesman by Frank M. Whiting, jeweler, of Attleboro, Mass., on a business trip to Chicago he met his wife at a fraternity dance last night. The bill states that he was seduced by her dark, statuesque beauty.

**Noble Armenian Birth.**

His inquiry he learned that she was an accomplished pianist, having graduated with honors from the Bush Conservatory of Music. Her father, he found, was an artist, who also owned an art shop at 740 Rush street. He is said to have told him tales of a noble Armenian house of which he was a descendant, driven from his native soil by Turkish persecution.

Their acquaintance developed rapidly. At the end of three weeks a proposed marriage, but she de- clined, protesting that her parents, Armenian ideas, even though they lived in America. He urged aside these objections by the promise of his suit and they eloped on March 1. They were married at Rock Island, Ill.

After the ceremony they wired the girl's parents the information that they were spending their honeymoon at Youngblood's parents at Corydon. Youngblood reached Corydon with his wife on March 5. The next day Magarian, a retired physician, who was manager for the Nahlgian company, arrived at the town with the news that the bride's father was lying on his deathbed.

**Finds New Admirer.**

The young wife returned home to find her father in perfect health. This she reported to Youngblood, who came to Chicago and took his wife away with him. For the first time it is learned that Magarian was an admirer of his wife, although he was married, according to the bill. Mrs. Youngblood explained that Magarian had promised to bear the expenses of

## FOUND DEAD

Mrs. Tennessee Mitchell Anderson.

further training in Europe and make her other expensive gifts. According to the bill, her parents sought to persuade her to take the offer.

No sooner had Youngblood taken his wife back to Corydon than Magarian appeared a second time and again persuaded her to return to Chicago with him. Whereupon, according to the bill, a game developed between the contestants for the custody of the 20-year-old wife, which resulted in her succumbing to the entreaties of her family and then to her husband until she left him on June 17.

Youngblood spent several months in attempting to meet his wife without success. Finally he threatened suit through Attorney Harry K. Cole. The attorney arranged a conference between the couple at which the wife is said to have told him that she preferred to follow her career and would not return to him. The husband brought the suit through Attorney Cole.

## DIVORCED WIFE OF NOVELIST IS FOUND DEAD

**Mrs. Sherwood Anderson  
 Passes Away Here.**

Tennessee Mitchell Anderson, divorced wife of Sherwood Anderson, the novelist, and widely known as a sculptress, painter, and writer in her own right, was found dead yesterday evening in her studio apartment at 153 East Erie street. She apparently died of a hemorrhage of the lungs while asleep some time Friday night or Saturday morning. The body was lying on a bed, clad only in night clothing.

The body was discovered by a police squad from the East Chicago avenue station after Anthony Howard, 660 Division street, a colored maid employed by Mrs. Anderson, had reported that she had been unable to gain entrance to the apartment for several days and that her telephone calls were unanswered.

**Doors and Windows Locked.**

The police found the doors and windows of the apartment, which occupies the first two floors of the building, locked, and mail and telegrams accumulated at the front entrance.

Forcing the door, Detectives Edward Baszak and Rupert Fallon found the body in a bedroom on the first floor where Mrs. Anderson apparently had retired on Friday night.

The maid told the police that she saw her mistress last Friday afternoon, when she was told to return on Saturday to clean the apartment. She failed to return Saturday, but called on Monday, and visited the apartment daily since then, in an effort to get in.

In the apartment the police found two Christmas trees ready for mailing, one addressed to Mrs. Marion Anderson, 133 Detroit street, Michigan City, Ind., and the other to John Anderson of Dykeman, N. Y.

**Wed to Anderson in 1916.**

Mrs. Anderson was married to Sherwood Anderson, then a Chicago advertising man, in Chateaugay, N. Y., in 1916, about the time of the publication of his first novel, "Windy McPherson's Son." He filed suit for divorce in Reno in 1923 and was granted a decree in 1924, six years after their separation.

Since then Mrs. Anderson has lived in Chicago, devoting her time largely to sculpture. Anderson now lives at Marlon, Va., where he publishes a weekly newspaper. He has remarried.

**ANDERSON IN FLORIDA.**

St. Petersburg, Fla., Dec. 26.—(AP)—Sherwood Anderson, noted novelist, who is spending the winter here, tonight was shocked at the news of the death of his divorced wife in Chicago. He was informed of the death by newspaper men at his hotel.

## FLORIDA CROPS ARE DAMAGED BY WIND AND FROST

Jacksonville, Fla., Dec. 26.—(AP)—Severe frost and cold wind caused damage today in some trucking sections of the state, reports to the state marketing bureau showed. Beans, strawberries, peppers, tomatoes and egg plant appeared to have been the heaviest sufferers, but the damage was not general to the whole producing areas.

The weather bureau reported that last night's frost line extended as far south as Homestead below Miami.

## COUNCIL GROUP VOTES BUDGET OF \$55,000,000

Committee Lops Off 670  
Cops, 270 Firemen.

The council finance committee gave its final approval to a 1930 budget of approximately \$55,000,000 shortly after midnight this morning and recommended it to the council for passage. The vote was 15 to 1. Ald. Oscar F. Nelson (46th), who has stood out during a month of meetings for a budget comparable to that of 1929, cast the only negative vote.

The action was preceded by a turbulent four hour session, during which the aldermen endeavored to arrive at an agreement on the appropriations for the police and fire departments, the only remaining problems to be solved. The solution upon which the committee finally agreed removes 670 of the new policemen added to the force, does not appropriate for 111 vacancies, includes the removal of nearly 350 men over the age of 62, and counts on the death and resignation of approximately 100 men during 1930. Six deputy commissioners, whose positions had been abolished, were appropriated for on the basis of vacancies.

To Cut Fire Department.  
In the fire department 200 of the latest additions to the force were removed, and the pensioning of approximately 70 men 62 years old or over was provided for.  
One other cut was made in the police department. The police radio,

which has been considered equal to 1,000 men in the prevention of crime, was allotted only \$150,000, compared to the appropriation of \$300,000 which had been carried in the budget until the last minute. Despite this and other reductions, it was announced that the aldermen had overappropriated to the extent of \$180,000.

An argument preceded the final disposition of the budget.  
"If the committee does not stand together on this budget when we take it to the council, I'll vote against every popular thing that the council advocates," threatened Ald. Joseph McDonough (13th). He referred to the unanimous approval which the finance committee has given to each budget in previous years and Ald. Nelson's negative vote which broke this unwritten rule.

**Ready for Budget Fight.**  
"If the administration is going to fight this budget let's mix it in it," advised Ald. John S. Clark (39th), chairman of the committee. "I'm compromised by this budget just as much as any one else here."  
Ald. Nelson, denied that his vote represented the attitude of the administration on the budget.

Two city departments which had been eliminated from the budget plans were returned last night. These were the departments of public service and public welfare. The council, earlier in the week, had refused to repeal the ordinances creating the departments. Other items replaced in the budget added \$147,540 to the city appropriations. They follow:

Department	Amount
City Physician	\$10,000
Public Service	20,000
City Collector	20,000
Public Welfare	22,540

Ald. Guy Gurnsey (6th) stood out against an appropriation for the public welfare department, of which Mrs. Anna L. Smith is commissioner.

**SUBMIT CANAL BUDGET**  
The sanitary district committee on finance yesterday submitted its 1930 budget to the board of trustees. President Howard W. Elmore announced

the budget would be passed, probably with minor revisions, next month.

At the same time the board ordered the sale of \$3,920,000 in 1929 tax anticipation warrants, indicating that the district is probably in a better financial condition than the other tax spending bodies of the county. Of the revenue, \$1,420,000 will be used for paying the interest on and retiring bonds falling due on Jan. 1, and the remainder for corporate purposes during the first six months of 1930.

The sale of these warrants was approved last Monday by the citizens' rescue committee, headed by Attorney Silas Strawn.

**Budget Set at \$54,789,187.**  
The budget, as set up by the finance committee, totals \$54,789,187, but the actual expenditures in 1929 will be \$44,659,187. As required by the new law governing the district's budget, an item not included in the 1929 budget for 1931 expenditures must be included in the 1930 budget.

Despite an appropriation of \$16,098,827 for government construction work, an item not included in the 1929 budget, the 1930 appropriations are only \$9,000,000 above this year's expenditures and nearly \$13,000,000 under the expenditures for 1928, when \$22,000,000 were paid.

According to Mr. Elmore, the department pay rolls have been cut from \$11,000,000 in 1928 to about \$4,000,000. The number of employees has been reduced from 4,800 to 1,500.

**DEMAND COUNTY PAY**

The butcher, the baker, and the candlestick maker are adding to the county's financial difficulties by pressing demands for payment of bills. Deputy Controller William J. Graham announced yesterday that many concerns have stopped bidding for county contracts. All are asking that back accounts be brought to date and some are demanding interest payments on bills.

Since the beginning of the fiscal year of 1929 the county has contracted a debt of \$3,500,000 for supplies. This includes office supplies in all departments, food for institutions,

and a variety of essential items. The annual bill of the county for these articles approximated \$6,000,000. More than a thousand creditors have received no payments because of the delay in collection of revenue brought about by the reassessment. The county owes 3,500 bills.

The county board will meet today to authorize advertisement for the sale of \$7,000,000 in 1930 tax anticipation warrants. If the outstanding liabilities for 1929, including supplies, are met, the county will have nothing left for salaries, it was pointed out.

## KENTUCKY MOB VICTIM NAMES 6 AS HE IS DYING

Jackson, Ky., Dec. 26.—(AP)—Chester Fugate, who was taken from the Breathitt county jail Christmas morning and shot and beaten, died late today after he had accused six men of being the leaders in the latest shedding of blood by members of the Fugate and Watkins families.

Five of the men, kinsmen of Clay Watkins, whom Fugate shot to death Dec. 18, came in and surrendered and were held in \$5,000 bond each shortly before the death of Fugate. Lee Watkins of Hazard, the sixth man named by Fugate, sent word that he would surrender.

The warrants charged malicious shooting and wounding and after Fugate's death G. C. Allen, commonwealth attorney, prepared to issue murder warrants.

Fugate, who lay for five hours in a snow-filled ditch before he was found, made his statement to the commonwealth's attorney in the presence of witnesses. In it he declared that he recognized six of the men who surprised S. L. Combs, the jailer, bound him and took his keys, had dragged Fugate from his cell in his night clothes, beat him with a blackjack, trampled upon him shot him, and hurled his apparently lifeless body into a ditch.

## WIFE OVERTAKES HUSBY IN \$5,150 ALIMONY QUEST

Harry Jacobs, a rubber salesman, was leaving an apartment at 2615 Farwell avenue at dawn yesterday after having spent Christmas with the family of his sister, Mrs. Etta Silverman, when a vaguely familiar voice hailed him.

"Why, Harry dear, where have you been hiding all these years?" said the voice. It was that of his divorced wife, Mrs. Harriet Jacobs, 1454 Roscher avenue.

"Why, Harriet!" Jacobs exclaimed. "And where have you been?"

"Looking for you and trying to collect that \$5,150 alimony," Mrs. Jacobs replied. "This gentleman with me is a deputy sheriff. He'll take you where you're going."

So Harry and his divorced wife got into an automobile and were driven by the deputy to the county building. Jacobs was in custody there until his case was called before Judge Thomas J. Lynch.

"I wasn't trying to dodge the alimony; business kept me out of town," he explained. But the court placed Jacobs under \$7,500 bond until the alimony case is thrashed out next Tuesday.

**4 Byrd Messages Radio**

**Gratitude for Promotion**  
Washington, D. C., Dec. 26.—(AP)—Four radiograms, sent from a tiny snow-covered hut in the Antarctic, were received in Washington today from Rear Admiral Richard E. Byrd, expressing his gratitude over his recent elevation in rank by congress. The two most informal messages were addressed to Speaker Longworth and Chairman Britten of the house naval committee; another was received by Senator Swanson, author of the measure to make Byrd the youngest of rear admirals, and the receipt of still another was announced by the navy department.

## GUNMEN HOLD 10 PRISONERS, ROB OIL CO. OF \$1,000

Ten employees of the Sinclair Refining company were held prisoners for a half hour last night in the company warehouse at 2540 West 23d street by three gunmen who forced Antoine Spangler, 9530 South Claremont avenue, the company agent, to open the office safe and escaped with nearly \$1,000. It was the second time the warehouse has been robbed in the last three years.

The three robbers waited outside the main gate until Frank Ford, 2157 Flournoy street, a watchman, opened it to admit a truck driven by James Gresham, 5117 Barry avenue. Leaping out of the shadows they covered Ford and Gresham with their guns and marched them into the office, where other drivers were turning in their day's collections to Spangler and two cashiers, O. C. Beckman, 5145 Division street, and Elmus Smith, 6025 South Maplewood. One of the robbers compelled Spangler to open the safe, from which they took the day's collections for all service stations.

The robbers then herded the ten men into an adjoining room and ordered them to hold their hands in the air for ten minutes while they fled.

**Kansas City Car System**

**May Buy Up Taxis, Too**

Kansas City, Mo., Dec. 26.—(AP)—Virtually exclusive control of street passenger transportation here would be in the hands of the Kansas City Public Service company under plans approved today by the directors of the company, providing for acquisition of the local Yellow cab and Checker cab services. The Public Service company already operates street cars and buses here. Powell C. Groner, president of the company, was authorized to proceed with negotiations which would place the street car company in the taxi business.

WEST PARK  
YEAR WITH  
TOTALINGM  
Board Claims S  
Only One in

Members of the west  
union left their annual  
report with the announce-  
ment of a bit of prize, the  
body in Chicago (the  
board perhaps is  
actually has money  
from Dr. John Dill  
of the board,  
in his annual re-  
port, appealed to his  
audience. They are  
a cash surplus of \$1,  
outstanding accounts.  
The board's determi-  
nation to fight last Novem-  
ber's election to pass the bond  
proposal elevated Austin  
from the Chicago re-  
sult. This improve-  
ment, however, is  
entirely necessary," de-  
clared, who urged every  
to obtain the bonds at  
his election.

Set Budget for

## WEST PARKS END YEAR WITH CASH TOTALING MILLION

Board Claims Surplus Is Only One in City.

Members of the west parks commission left their annual meeting yesterday with the announcement, given with a bit of pride, that "the west parks board perhaps is the only tax-paying board in Chicago that has no debts and actually has money in the bank."

Then Dr. John Dill Robertson, president of the board, pointed to two items in his annual report which, he said, appealed to him as the high points.

They are:

A cash surplus of \$1,000,000 in the west parks treasury after payment of all outstanding accounts.

The board's determined but unsuccessful fight last November to induce the city to pass the bond issue for the proposed elevated Austin-Kinzie high-railway across the Chicago river to Austin.

This improvement is "absolutely necessary," declared Dr. Robertson, who urged every effort be made to obtain the bonds at next November's election.

So Budget for 1930.

No reorganization of the board for the coming year was made and no session of officers was held. Similarly the Lincoln park board at its recent annual meeting did not reorganize or elect officers because of expected changes in personnel. Other members of the board besides Dr. Robertson are: George F. Dahlman, Mrs. May De Mone, Joseph Mersot, Joseph Rana and Del Westendorf.

In addition to our \$1,000,000 surplus, explained Dr. Robertson, "we have sufficient cash on hand to meet our obligations without now out-raising and to retire outstanding bonds, with interest, when they fall due."

Surplus to Meet Needs.

"The surplus on hand is sufficient to run the board until May 1 without the necessity of additional anticipatory warrants even if no tax money is forthcoming by that time."

Dr. Robertson's report of achievements of the board during six years ending construction of 21 new buildings costing \$4,000,000, building of 10 miles of boulevard, establishment of a safety commission which has cited 100 motorists charged with minor traffic violations, and complete rehabilitation of the lighting system in all west parks.

Report 25 Dead as Ships Collide in Sea of Marmara.

SOFIA, Bulgaria, Dec. 26.—(AP)—An official report tonight said that 25 members of the crew of the Bulgarian merchant ship Varna, 2,000 tons, had drowned when the ship sank in a collision with an unnamed ship in the Sea of Marmara.

Two sailors were saved.

## BOY VIOLINIST COMING

Ruggiero Ricci, 9 year old violinist, who will arrive in city today for concert Sunday. (Wide World Photo.)

## BRAZIL DEPUTY KILLS POLITICAL FOE AFTER ROW

(Chicago Tribune Press Service.)

RIO DE JANEIRO, Dec. 26.—Brazil's presidential campaign was marked by blood today when Deputy Simoes Lopez from Rio Grande do Sul, former minister of agriculture in President Epitacio Pessoa's government, shot and killed Deputy Souza Filho of Pernambuco.

The shooting followed a political quarrel in the precinct chamber of deputies, which was not in session.

Deputy Lopez, who is a member of the opposition group, killed Deputy Souza Filho in order to prevent his son, who intervened in the discussion, from being stabbed by Filho, according to witnesses. Lopez, an old man, voluntarily surrendered to the police.

French Deputies Reduce 1930 Taxes by \$46,000,000

(Copyright: 1929: By the New York Times.)

PARIS, Dec. 26.—Tax reductions amounting to \$46,000,000 were voted today by the chamber of deputies in finance commission and will become effective on Jan. 1. These reductions will be applied, among other things, to diminishing taxes on (liable land, on incomes, luxury articles, amusements, automobiles, pharmaceutical products and hotels on private property.

## Recital Sunday

Ruggiero Ricci, 9 year old boy violinist, will arrive in Chicago over the Michigan Central railroad at noon today for his first Chicago recital to be played Sunday afternoon at Orchestra hall. Ruggiero has been studying for three and one-half years under Louis Persinger, noted teacher who developed Yehudi Menuhin, another prodigy.

The boy's musical training has been sponsored by Mr. and Mrs. Frederick Bartlett of Chicago. Ruggiero is a native of San Francisco and one of a family of six musical children.

## 2 AUTO DEATHS BRING COUNTY'S TOLL TO 1,008

Two deaths yesterday raised the 1929 Cook county motor toll to 1,008 victims.

Marcel Varvado, 60 years old, 3011 Quinn street. Injured last night when struck by a cab at 31st street and Auburn avenue. William Rao, 2222 Cottage Grove avenue, the driver, was held.

Michael Martha, 66 years old, 905 Vernon Park place. Died in the county hospital of injuries received Tuesday when struck by a hit and run motorist in front of 740 Blue Island avenue.

## OPPOSE DELAY IN TRACK WORK AT 103D STREET

Nickel Plate Compromise Is Under Fire.

South side organizations and members of the city council united yesterday in opposition to the proposal of Commissioner of Public Works Wolfe to delay negotiations for the opening of 103d street across the Nickel Plate tracks near an extended Jeffery avenue. The compromise favored by Wolfe is to abandon the 103d street crossing project until some future time if the railroad will proceed with track elevation south of 57th street with five grade separations.

Tracks Block Street.

East and west of the tracks, but not across them, 103d street is dedicated as a thoroughfare, and two actions are now pending to obtain a crossing for this section line traffic artery. Condemnation proceedings have been brought by the city in the county court to obtain the crossing, and the old Nickel Plate-Calumet harbor ordinance provides that the railroad pay one-half the cost of a viaduct. Two weeks ago the council harbor committee ordered an amendment drafted which would impose on the railroad the entire cost of the viaduct or a subway.

"I am opposed to any agreement which would continue the blockade of 103d street," said Ald. A. J. Horan (19th), chairman of the council track elevation committee. "There will be no compromise on that street, which is to be an important east and west artery on the south side. I'll investigate this and lay the information before my committee."

Business Group Opposes Plan.

Ald. William A. Rowan (10th) is another opponent of the blockade. Much of the objection to the Nickel Plate's ordinance for Calumet harbor on the south side would be removed, he said, if 103d street is opened either by viaduct or subway. Ald. Sheldon Gowler (9th) and O. E. Northrup (19th) also are opposed to the blockade.

"Any attempt on the part of the city administration or Commissioner Wolfe to surrender 103d street to be used as a railroad switch track will be bitterly resisted throughout the entire south side," said H. H. Haylett, managing vice president of the Greater South Side Chamber of Commerce. "That street, as the key to east and west traffic south of 95th street, is the only means of ingress and egress for Calumet harbor at its northern extremity, and is the only street possible to open as a through street between 95th and 130th streets."

Fire Destroys Rubber on U. S. Ship; 50 Aboard Safe

SINGAPORE, Straits Settlement, Dec. 26.—(AP)—Approximately 150 tons of rubber were destroyed and 100 tons damaged by fire aboard the Dollar liner President Van Buren at its dock here today. The fifty passengers were disembarked safely to hotels, but it was expected they would continue their voyage tomorrow.

## TWO ARRESTED FOR RACKET IN CHARITY'S NAME

Samuel Wylage and Jacob Karchner, alias Edward S. Harris, were arrested in the Cass hotel yesterday as charity racketeers. Lieut. Frank Johnson and Sgt. Andrew Aitken of the detective bureau took them into custody on complaint of the Chicago Better Business bureau.

Deputy Police Commissioner Steg, who questioned the two men, said they admitted they have been selling business men and others tickets to a dance to be given at the Aragon ballroom on Feb. 24, purportedly under the auspices of the Association of Christian Volunteers. The latter is a charitable organization headed by the Rev. A. L. Parks, at 746 South Winchester avenue. Mr. Parks, according to the police, was not involved.

Before the holidays the prisoners are alleged to have told persons to whom they sold the tickets that the money was to be used for a Christmas basket fund.

## FRANCE PAYS \$12,067,934 ON HER WAR DEBT

Washington, D. C., Dec. 26.—(AP)—The treasury tonight announced receipt of \$12,067,934 from the government of France, completing payment of annuities due up to this time under the Mellon-Berenger agreement for funding the \$4,025,000,000 war debt France owed the United States.

The announcement said the payment had been received in treasury notes and first Liberty loan bonds.

The payment was the first made since congress approved the Mellon-Berenger agreement, which was signed on Dec. 18 by the President.

Up to the time that the agreement was ratified France had paid \$112,923,065 to this government, while the total annuities due up to June 15 on the agreement, which was reached on April 29, 1926, amounted to \$125,000,000.

## WHALEN SEEKS HIRED SLAYER OF YALE HERE

'Boss' Cheated Murderer,  
Officer Testifies.

New York, Dec. 26.—[Special].—The holdup of the testimonial dinner given to Magistrate Albert H. Vitale in the Roman Gardens restaurant in the Bronx on Dec. 8 was staged to gain possession of a written contract under which a Chicago gunman murdered Frankie Yale and Frank Marlow for \$25,000, according to testimony given today at the trial of Detective Arthur C. Whalen before Police Commissioner Grover A. Whalen.

The man who hired the gunman was Ciro Terranova, alias Morelo, alias The Boss. He was among the forty guests robbed at the dinner. Terranova had paid only \$5,000 of the murder price. The gunman had served an ultimatum that unless the balance was paid he would give the police the contract, which bore Terranova's signature and which bluntly set forth the agreement to assassinate the Q. leader of a Brooklyn gang, and Marlow, a Broadway racketeer.

Slayer a Guest at Dinner.

Agreeing to have the cash ready, Terranova invited the slayer to the magistrate's dinner. He told the gunman to bring along the contract. After satisfying himself that the man had the document, Terranova gave the word for seven men to raid the banquet. They got the contract and within three hours were sending back most of the \$5,000 in jewelry and money they had taken from the dinner in order to make the robbery look genuine.

Terranova, who was acquitted in 1916 of ordering a retainer to dispatch two men in James street, remained at liberty tonight. Commissioner Whalen left for Chicago tonight. He would not discuss arrest of Terranova nor give any hint as to the identity of the gunman. It was reported, however, that the destruction of the contract left the police without evidence upon which to charge Terranova with the murders.

Accused Man Questioned.

The accused man was questioned during the Marlow investigation. He was suspected of having called Marlow from a restaurant near 46th street and Broadway. Marlow, dying from a bullet through the head, was found near the gate of a cemetery in Queens. Yale also was killed in an automobile. When Terranova appeared at headquarters in the Marlow case he said he was a dealer in artichokes. His armored limousine has bullet-proof windows and his \$50,000 home in Westchester county, according to the detectives, is well protected.

The story behind the fake robbery was told by Inspector Joseph J. Donovan, in charge of the bureau of criminal identification, who said the facts were obtained by the secret service squad, the members of which pretend to be criminals. Quite casually the inspector gave his amazing narrative from the witness stand.

Vitale and Terranova Together.

A ripple of surprise greeted it. Subsequent comment was heard as the inspector testified that Magistrate Vitale and Terranova had occupied a box together at an entertainment and reception of the Tepeano Democratic club a year ago.

"Will you please tell me at this time," said Commissioner Whalen, swinging his chair around to face Donovan, "what the secret service squad has found out with regard to the fact that the holdup was a fake holdup?"

"Well, some time ago," began the inspector, "according to the information that we have received from the secret service, the holdup had been planned by Ciro Terranova. Ciro Terranova had negotiated with a man from Chicago, of the underworld, and he had signed a contract. Terranova had signed a contract with this man for the purpose of, as they say in the police world, knocking off two known gangsters that were interfering with Terranova. As a result—

Holdup Plan Related.

Commissioner Whalen broke in and directed Donovan to name the gangsters.

"Frankie Yale and Marlow," he said.

"Yes."

"Go ahead."

"Well, as a result of this job he had agreed to pay the man from Chicago \$25,000. He had paid him \$5,000 but was delaying paying him the rest of the money, so much so that the man that did the job informed Terranova that if he did not come across quick he would turn in a document that he had with his signature over to the police."

"So Terranova, knowing of the dinner that was to be given to Judge

GOLDS MAY DEVELOP INTO PNEUMONIA

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified crocodile that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs crocodile is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritation. Creomulsion contains, in addition to crocodile, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the crocodile goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritation, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (Adv.)

CREOMULSION

FOR THE CURE OF COUGHS THAT BRING ON

## RIZAL DAY QUEEN

MISS DOROTHY REYES.

Three thousand Filipinos living in Chicago will observe Rizal day, commemorating the 33d anniversary of the death of Dr. Jose Rizal, Filipino patriot, Sunday and Monday under the auspices of the Filipino Association of Chicago. The principal feature of the celebration will be a banquet and ball at the Morrison hotel Sunday evening at which Miss Dorothy Reyes, 17 years old, will be crowned Rizal day queen. Dr. Rizal was executed in 1896 after he had been convicted, by the Spanish of fomenting an insurrection.

Vitale, invited his friend from Chicago, giving him the impression or instructing him to bring on the contract for the purpose of closing the deal. He knew he had the contract that night at the Vitale dinner, and as a result the holdup was staged for the purpose of getting the contract. The document in the holdup was seized, all jewelry was seized and money.

Three Guests Sent for 'Loot.'

The inspector said that after the robbery three of the guests were directed to go after the jewelry and the money. They were Daniel J. Iamascia, John Savino, and Joseph Catania, who is known as "Joe the Baker." They were on the list of seven guests in police records which Commissioner Whalen made known when he suspended and demoted Johnson for failure to leave when he recognized them.

"They had not lost any money," continued Inspector Donovan. "None of the seven men who have been mentioned lost any money. The three men I have just mentioned were instructed to go and get the jewelry and any money that they could and return it. And in four hours they returned with the jewelry, some of the money, and the gun, and delivered it into the clubhouse, the Tepeano club."

The witness was asked if any of the guests at the dinner had had previous notice that a holdup was planned. "Those on the inner circle at the dinner table that night knew two hours before the robbery took place that it was going to take place, and that the robbers were instructed not to harm anybody, but to be sure and return the jewelry. Some of the guests knew that."

Commissioner Whalen picked up the

program of a Tepeano club entertainment which was held in the Winter Garden in the Bronx on Feb. 3, 1928. He asked if the members of the secret service squad had any information on Terranova's activities that night.

"Yes," said the witness, "he was one of the boxholders."

Knowledge of Club Denied.

Q.—And who shared it with him? A.—Joe Catania and Judge Vitale.

Q.—Who was in the box next to that of Ciro Terranova? A.—Daniel Iamascia, James Catania and his wife, Harry Roth, and Mr. and Mrs. John Savino.

Q.—There were certain raids conducted by the police department within the last week and certain of the individuals mentioned here were brought to police headquarters, were they not, inspector? A.—Yes, sir.

Q.—And all of them denied knowing anything about the Tepeano Democratic club or any of its activities? A.—They denied knowing it, but some of them were members.

Detective Johnson, taking the stand in his own defense, admitted that he did not call his precinct headquarters immediately after the robbery, explaining that he delayed on the advice of Magistrate Vitale and former Magistrate Michael Delagi.

"This is a terrible state of affairs. You, gentlemen, are judges and I am a police officer, disarmed," the detective told Vitale and Delagi a few minutes after the stickup men had escaped, he testified today.

"Judge Vitale asked me to keep quiet and said he would try to get some information," Johnson continued.

## RUBIO PLEDGES FRIENDSHIP OF MEXICO TO U. S.

President Elect Is Guest  
at White House.

(Chicago Tribune Press Service.)  
Washington, D. C., Dec. 26.—[Special.]—Assurances that he will do everything possible to avoid friction between the United States and Mexico over the administration of the Mexican agrarian law was given today by Dr. Rubio, president elect of Mexico, upon his arrival in Washington for a three day good-will visit.

Dr. Rubio laughed at the suggestion that he would attempt to enact a prohibition law. He said he had no plans for further religious legislation and asserted that in his opinion the difficulties between the United States and Mexico over land seizures were not serious.

**Favors Paying For Lands.**  
The Mexican president elect said that he was working for the passage through the Mexican congress of a law which would provide for immediate payment in cash for all lands, American owned as well as Mexican, inasmuch as it had been expropriated under the agrarian law.

The highest honors were paid President Elect Rubio today. Secretary of State Henry L. Stimson, Ambassador Dwight Morrow, and other ranking American officials met the distinguished Mexican official when he arrived this morning and from now until he leaves Sunday afternoon he will be the official guest of the nation.

President Hoover departed from his established custom to pay honor to his Latin American guest. For the first time in the history of the republic the President repaid a call made at the White House by a visiting official not the head of a state. A few moments after Señor Rubio had paid his respects to the President this afternoon during a formal White House call, Mr. Hoover motored to the Mexican embassy and called on the president elect.

**Received in Blue Room.**  
Señor Rubio was the honor guest at a dinner tonight given by Dwight Morrow, American ambassador to Mexico City. Tomorrow the Mexican president elect and Señora de Ortíz Rubio will be the ranking guests at a dinner given in their honor by President and Mrs. Hoover at the White House.

The greatest formality marked the visit paid by the Mexican president elect at the White House. The President, surrounded by aids, took his station in the blue room. When Señor Rubio arrived he was taken to the two room and introduced to President Hoover.

President Hoover and Señor Rubio sat at one moved to the green room. Señora Rubio was waiting. These introductions over, the party moved to the red room where Mrs. Hoover was awaiting to the president elect and his wife.

For the next twenty minutes President Hoover and Señor Rubio sat on a sofa and chatted. The President and Mrs. Hoover repaid the call as soon as their guests had reached the Mexican embassy.

## TELLS OF FORD PLEDGE TOPAY LINCOLN TOCK

Pontiac, Mich., Dec. 26.—[AP.]—A statement that Henry Ford made an oral promise to pay stockholders of the old Lincoln Motor company, which he bought at a receiver's sale eight years ago, was met in a deposition filed here today with the \$5,000,000 suit of the old stockholders against Ford.

The deposition was given by John H. Bourne, former secretary to Henry M. Leland, who was head of the old Lincoln company. Bourne, who gave his testimony at his home in Detroit on account of illness, said that Ford made the promise to Leland in the spring of 1922, shortly after the purchase.

However, Bourne said letters to stockholders who made inquiries as to their status after the receiver's sale told them that their stock had no value. Bourne himself wrote these letters, he said, but sign the names of Henry and W. C. Leland to them, without the Leland's consent or knowledge.

## MEXICAN STAFF AT CONSULATE LEAVES LREDO

Laredo, Tex., Dec. 26.—[AP.]—Citizens of Laredo today watched the evacuation of the Mexican consulate here, closed several days ago following attempts of District Attorney John A. Valls to arrest Gen. Barco Elias Calles.

With the exception of one clerk, the entire consulate staff departed. The vice consul, the cash and three clerks went to San Antonio to join the consular general staff. Other members of the local staff already had been sent to San Antonio.

The new tariff law moving the exportation business in the consulate to the custom has will not prevent the issuing of consular manifestos for all imports into Mexico. It was announced today, and the consular department continues to issue passports issued Mexican citizens.

**BOY AUTO THEFT.**  
Lloyd Hughes, 13 years, 1633 North Central avenue, was caught yesterday by Policeman R. G. Wilcox, Tweed street, Oak Park, after he had stolen Wilcox's automobile from in front of his home. He was sent to the Juvenile Detention home.

**A Reputation**  
It takes ally and me to build a reputation. GROVE'S LAXATIVE BROMO QUINE ENJOYS. It had to be the best remedy for colds and headaches. Resistant to all ailments.

**Grove's Laxative BROMO QUINE**  
Successful since 1889

# 5,032,773 Customers Carried in Storm Christmas Week

## New "L" Record

In the blizzard Christmas week, December 18 to 24, inclusive, the Rapid Transit Lines carried 5,032,773 customers.

This is the first seven days in the Company's history when riders exceeded 5,000,000. The previous record seven days was December 13 to 19 inclusive) 1926, when 4,800,136 customers were transported.

The Company takes pride in the efficiency of its property and its organization, under the most trying weather conditions. It again wishes to thank its customers for the excellent co-operation they gave in helping to establish this record.

## ITALIAN MAIL PLANE DROPS INTO SEA; CREW OF FIVE FEARED LOST

ATHENS, Greece, Dec. 26.—(AP)—An Italian postal seaplane with a crew of five was wrecked Christmas eve near the small island of St. Eustachio, near the Turkish coast in the Aegean. The Greek cruiser Helle has failed to find a trace of the machine or of its crew. The sea was rough and the wind high at the time of the accident. The Italian Mail company has dispatched several planes to aid in the search.

The seaplane, bound for Athens from Constantinople, sent out a wireless call for help and then was silent, apparently due to the failure of the apparatus. The search is being continued, but without much hope of finding the missing crew.

Find Bodies of Three Flyers.  
TRIPOLI, Cyrenaica, Dec. 26.—(AP)—The bodies of three French aviators, who were on a flight from Le Bourget to Saigon, Indo-China, and have been missing for several days, have been found near Syria by Italian aviators. The plane had been wrecked and the men killed. The three aviators were: Lieut. La Salle, Pilot Hubard and Mechanic Falot.

Le Brix's Pal Badly Hurt.  
RANGOON, Burma, Dec. 26.—(AP)—M. 2800, French aviator, who was with Joseph Le Brix, famous airman, on a long distance flight, which came to grief in India early this week, will have to remain in a hospital for two months. He sprained his spine when making a parachute jump into the jungle in the dead of night when the aviator abandoned the machine. Le Brix was not injured.

WOMAN CENTURY  
OLD WILL ENJOY  
BIRTHDAY PARTY  
(Picture on back page.)

Still well and hearty after a full century of life, Mrs. Nancy M. Snyder tomorrow will celebrate her 100th birthday anniversary at the home of her daughter, Mrs. Daniel L. Gilday, with whom she lives at 8731 Perry avenue. Mentally alert and sound of body, except for an attack of rheumatism, which kept her confined to a wheel chair during recent months, Mrs. Snyder can recall vividly events that occurred two decades before the civil war.

She was in Washington on the night in 1865 when Abraham Lincoln was assassinated and tells of the excitement there when the news spread over the city. She had gone to Washington to meet her husband, a private who was returning from the front. During the war, while her husband was with the army, she had run their farm near Richmond, Va., her birthplace.

Mr. and Mrs. Snyder moved to Chicago in 1890 and she has resided on the south side since then. Mr. Snyder died in 1914. Besides Mrs. Gilday, three grandchildren and two great-grandchildren will be at her birthday party tomorrow. Longevity is a family trait. Mrs. Snyder's mother having lived 109 years and all of her six sisters more than 70 years.

Hawaii Becomes Air Minded.  
Hawaii, by reason of her isolation by sea, has gone farther than any other American territory or outlying possession in aerial navigation and, for some time, has had regular daily service, with other islands from Honolulu, carrying both passengers and mails as well as freight. It is now possible to go to Hilo in the morning, see the volcano and return to Honolulu in the afternoon.

An important project is the development of Rodgers airport and the general improvement of Maui's harbor. The purchase of Maiala field is also being negotiated. Among other improvements planned is the dredging of a channel, 250 feet wide, for which \$60,000 is already available. Waiting rooms and telephones and other conveniences have also been installed at Hilo.

The Inter Island Airways has been granted hangar space at Waikae airfield and Hilo. The Hawaiian Airways also is seeking additional hangar space. An incident of the fast developing use of airways in Hawaiian islands was the shipment from Honolulu of a cabinet size radio set to Wailuku on the island of Maui as a Christmas gift.

ROB STORE OWNER OF \$1,500.  
Menabon Mott, proprietor of a women's apparel shop at 214 East 47th street, was robbed of \$1,500 yesterday by two gunmen who entered the store as he was preparing to take the money to a bank for deposit.

## AIR LINERS MAY WHISK BETWEEN U. S. AND HAWAII

### Plan Mail and Passenger Service on Pacific.

BY CHARLES DAILEY.  
(Chicago Tribune Staff Service.)  
HONOLULU, Dec. 26.—It may not be so far off, as it now seems, but Honolulu and Hawaii look forward to the day when mail service with the Pacific coast will be a matter of hours instead of days, perhaps less than two days. This means, when effective, that American mails for the Orient, for the South Sea, New Zealand and Australia and East Indies will be several days speedier than at present.

It is equally possible that air passengers, as well as mails, will soon be covering 1,577 nautical miles between the United States and the "crossroads" of the Pacific in about one-third the time required by the fastest steamships.

Prominent Men at Head.  
Already three prominent residents of Honolulu are members of the board of directors of the Pacific Zepplin Transport Company, Ltd., of which Paul W. Litchfield, president of the Goodyear Tire and Rubber company, is chairman. The Honolulu directors are: Walter Dillingham, Hawaii representative of the Los Angeles Steamship company; Clarence H. Cooke of the Bank of Hawaii; John R. Galt of the Hawaiian Trust company. Other directors include R. Stanley Dollar of the Dollar Steamship company; Harry Chandler, Los Angeles financier; W. P. Roth of the Matson Navigation company; Edward P. Farley, former chairman of the United States shipping board; F. B. Rentschler, representative of the United States Airplane company; C. E. A. Deeds, chief of aircraft production during the world war; G. B. Grosvenor, president, Aviation corporation; Herbert Fleischer, California capitalist; Kenneth R. Kingsley, president of the Standard Oil Company of California; Allen Lehmann and Roland Palmado of Lehmann Bros.; J. P. Ripley, National City company; Grayson M. P. Murphy, director in the Goodyear Tire and Rubber company, and Henry W. O'Melveny of Los Angeles.

While the Pacific Zepplin Transport company will inaugurate a service, linking the Pacific coast with Hawaii and thus greatly shortening the time of the mails.

Hawaii Becomes Air Minded.  
Hawaii, by reason of her isolation by sea, has gone farther than any other American territory or outlying possession in aerial navigation and, for some time, has had regular daily service, with other islands from Honolulu, carrying both passengers and mails as well as freight. ## Aviation Notes

Universal Air Lines, operators of passenger service between Chicago and Cleveland, Kansas City and Garden City, Kas., and St. Louis, yesterday became the second air line to bring its fares down to the equivalent of railroad fare plus Pullman charge. Southwest Air Fast Express, flying passengers from St. Louis to various points in Texas, was the first to make such a cut in rates. The new Universal rate will be available to commercial houses through the purchase of \$250 worth of fares. Within the last month there has been a general reduction of air passenger rates on practically all lines.

The Guggenheim fund for the promotion of aeronautics has announced that the Curtiss "Tanager" biplane has passed the eighteen tests necessary to win one of the five preliminary \$10,000 qualification prizes in the Guggenheim safe aircraft competition. The chief competitor of the Curtiss entry is the Handley-Page British plane. The winner of the contest will be awarded \$100,000.

## SUDDEN THAW HELPS CITY IN SNOW REMOVAL

(Picture on back page.)  
Unseasonably mild weather began yesterday to help in the snow removal, which the financially crippled city government had left to be done by the surface lines, bus companies and householders.

The temperature rose above the freezing point at 10 a. m. and the deep drifts remaining since last week's snowstorm promptly began to melt. Towards evening as the mercury climbed above 40 degrees the streets became lanes of slush, sewers were clogged and street car and automobile traffic was hampered by floods under railway viaducts.

Today will be partly cloudy and somewhat colder, the weather bureau predicted, while tomorrow will be fair. Joseph Butler, assistant superintendent of streets, explained that the city council had failed to include appropriations for snow removal in the budget.

The weight of sudden snow on the roof of the General Fiber company's warehouse at 2279 Union avenue yesterday caused more than 200 square feet of the roof to collapse. No one was injured.

WOMAN DIES OF CRASH INJURIES.  
Bloomington, Ill., Dec. 26.—(AP)—Injured in a train automobile crash here yesterday, Mrs. Fred Henson of Hudson, Ill., died today. Her husband, Richard H. Henson, 5, was killed instantly in the crash. Twin daughters, 18 months old, were only slightly hurt.

## 206-PASSENGER PLANES TO N. Y., AIR LINE'S PLAN

### New Company to Operate 7 Hour Service.

BY ROBERT WOOD.  
Formation of a new air transport company to fly passengers, mail and freight between Chicago and New York in huge land planes capable of carrying 206 passengers or more than 20 tons of cargo was announced yesterday. The new company expects to be in operation, spanning the distance between the two cities in seven hours, by the end of 1930, the announcement said.

The new transport corporation is the Airamerica Super-Transport company, with offices at 114 Pearl street, Hartford, Conn. Its president is Edward E. Clement, engineer and attorney of Washington, D. C.

Operation awaits the completion of the first of the ships designed by Dr. William Whitney Christmas, inventor of the all-iron and aviation pioneer, Mr. Clement stated. Designs and plans for the production of these ships, which will probably be the largest in the world, were announced recently in New York by Dr. Christmas.

The designs call for a ship with a wing spread of 232 feet and a power plant of eight chemically cooled engines of 1,100 horsepower each. According to Mr. Clement the ships will be used largely as cargo transports and will be capable of carrying 15 to 20 tons of mail and express matter and some passengers, although if wholly devoted to passengers each plane would carry 206 persons.

Engines Work Through Gears.  
"In the new ships the multiple engines will be housed inside and worked through gears and clutches on drive shafts instead of turning over at usual high rates of speed geared directly to the propellers," Mr. Clement said. "In the Christmas transports the engine rooms will have nine feet headroom and any combination of engines can be cut in or out at the will of the engineer."

He said that other trunk lines were planned later to connect Philadelphia, Pittsburgh, Cleveland, Detroit, St. Louis, Los Angeles, and San Francisco.

## Meal Bags Are Coming Back Into Favor as Skin Softeners

If you have an afternoon off and feel you'd like to do nothing so much as play around with some little beauty experiments, you might engage in the feminine occupation of cutting out doll bags. These are tiny bags a couple of inches square for wash-basin use. Cut them out of cheese-cloth and fill them with oatmeal, bran or almond meal.

We're offering you, for entertainment, meal bags. They are more than play, however. The meal has facial virtues that are just now being rediscovered after a period of idleness. They weren't any secret in the crinoline age, nor in the later rat-upheld pompadour period. "Old stuff," your grandma would say, did she forget she was expected to be a lady.

When you are cutting you may as well make some larger bags for bath-tub use. You have no idea how nice and smooth and velvety these meal baths leave the skin. And we recommend them particularly for those unhappy sisters who have to wage a persistent battle against drying, scaling and chapping of the skin.

You just wash the meal bags around in the water until it is milky. Or you may apply them directly to the skin as you would soap. If you don't think they are "lathery" enough, you may shave a little castle or other good toilet soap into the meal before you sew up the bag. And if you must have scent, you can drop in a little powdered coriander.

Incidentally, a nice girl I know tells me that her mother-in-law, also nice, never thinks her dishwashing duties concluded until she has wrung her hands out in dry oatmeal. And she has especially nice hands.

If you like to do a little mixing in a bath, I'm told women are becoming fairly expert in around about the cocktail hour you can take a cup of uncooked rolled oats, a half cup of almond meal and a quarter cup of orris root and try that on your face.

The meal has a penetrating quality; rather the oils in them have and this is their recommendation for the dry skinned. Also, they are cleansing.

## A FRIEND IN NEED

BY SALLY JOY BROWN.  
Wants Toys for Boys.

"Has any of your readers an electric train or some boys' toys ready to be discarded? I would like to get some for little boys 5, 7, 9 and 11. I have always remembered these children at Christmas but am unable to do so this year because of the added expenses of sickness. Their parents are not able to buy toys for them, either.

Mrs. C. F."

## BEAUTY ANSWERS

BY ANTOINETTE DONNELLY.

W. K.: THE SHOES SHOULD BE long enough to allow the foot to lie naturally, without cramping the toes. The great joint should come where the sole shape has the most pronounced curve. Seams should never come over the great toe joint. The toe of the shoe must be wide enough to allow the toes of the foot to spread when walking.

## Childhood Is a Long, Changing Panorama of Growth

By GLADYS HUNTINGTON BEVANS

Yesterday we were dwelling upon the subject of children passing through the same phase of development or something parallel to the crudities of the days before forks were invented and when the "daily parents" were not able to buy toys for them, either.

Mrs. C. F."

I am sure your children will be having new toys this Christmas and the old ones will, no doubt, be put aside in their favor.

who not long before will have said, with a groan, "Gee, how I hate to carry bundles! Can't the grocer send them?"

And other little signs of consideration will begin to appear, like, "Don't get up, mother, I'll answer the telephone," or "You shouldn't do so much for me, I ought to do lots of things for you."

With understanding love on the part of parents, the fine qualities we expect to see in the mature man and woman spring up and flower naturally in the boy and the girl.

But—and this is a big, big but—we must give them time. We mustn't rush them. There's a time for each aspect of their lives, and we have to take a leaf from the gardener's book. He nurtures and cares for and watches and hopes and has faith, waiting the unfolding in nature's good time. We mustn't expect everything all at once.

In children we are watching a panorama of growth, with a physical and psychological reason for each stage of it, sometimes too subtle for us to understand, but always well ordered and not to be hurried without even an indirect reaction from you, and from the same youth

## Love Breaks Up Friendships, but It Can't Be Helped

BY DORIS BLAKE.

When a body meets a body that some other body cares for, too, and that other body is your buddy, what is one to do?

Just a break for the buddy, it looks to be! How many times that kind of triangle is involved in our work-a-day love world only the recorder of aches and pains may know. A fraternity brother is madly in love with a beautiful girl. Through him, one Mel meets the fair one. Promptly he falls. The girl obviously reciprocates. Neither Mel nor the girl have the heart to break the bad news to Mel's buddy, the fraternity brother.

The plot could just as easily read that Jane met Joan's beau at a dance or Mary met Marjorie's beau and it was all off with the escort who took Jane or Mary to the dance from that date henceforth. It's the whirling of love. Innocents are moved down. Friendships between girls are shattered; between boys. And nobody is particularly guilty. Things just happen that way. If your beau or your girl meets some one he or she likes better, what can be done but accept it as a bad break and let it go at that?

As for protecting the innocent—well, it's herculean and all that, but not always the better part of wisdom, is

## EMBARRASSING MOMENTS

Get His Orders Mixed.

Every day I go out and get two sandwiches for the boss, and tell the waitress, "Two sandwiches with lettuce, tomatoes, and pickles." This order on my mind until I went to my best girl and I was trying not to make a mistake. We went to a soda fountain and my girl decided on a sundae. When the waitress came, I was talking to my girl, and she said, "Two chocolate sundaes with lettuce, tomatoes, and pickles." I was still being kidded at my girl's expense.

It? No use to encourage a body to the heart is elsewhere. No use trying your emotions martyrward if you are young and the unlabeled, though faithful, is also young. There are the worst disappointments. You must as well take a firm step. Among the betrayal of trust you cannot clearly genuine emotions of the heart. There is always regret about the friendship of the one due to be left outside. It's easy for the victim to extend the friendly hand but it's so hard for the evildoer, especially while the wound is raw.

Even so, if two people find the answer in one and the other, the third must, in a manner of speaking, be

## Movies Are Used to Help Study of Art in

BY ELEANOR JEWELL.

Several interesting and recently have been made by the Art Institute of Chicago. Although this is the first season, which has come to the school, are Charles Fabens Keane, of the Art Institute school, and the admission of students as of the first of

Heretofore, due to lack of money, beginning students were admitted only as of the first of the year, in September. The organization of classes in the school, however, have been so that a limited number of students enter the first year of the beginning of the winter term, 1930.

Arrangements have been made for a year of work may be made consecutively through the term of 1930, permitting students to enter upon special studies in the winter term. The course, foundational in nature, is known as a sound technical training, and a secondary specialty for entrance into the field of art, in all probability, through the winter term, 1930.

The second new feature in the school has to do with the teaching of the art of teaching is being given in the classes. Charles H. V. the well-known painter of from Boston and Connecticut, who has been working with the anatomy of the human body in action and dance, shown in graceful movement, walking, the natural movement of muscles are indicated by movement of the body in action, as in basketball and the play of football, is studied in the slow-motion films.

E. R. Tedrick, California

Heads Teachers of

Bethlehem, Pa., Dec. 26.—E. R. Tedrick, University of Illinois, was nominated for the American Mathematical Association of the opening session of its 1930. Prof. G. W. Mullin, University of Wisconsin was elected for chairman. They were elected and will be formally elected tomorrow. Lehigh, George W. Hunter college were elected membership in the society, which includes more than 100 members. Meetings in 1930 will be held at the University of Missouri, St. Louis, University of Missouri, St. Louis, University of Missouri, St. Louis.

Medill Post Dance

The Medill-Post dance on Wednesday, in the oriental room of the hotel. The charge of reservations includes Duffy, Edward F. Clasen, Fischer, Frank Waitkus, and Banks.

## Are Used to Help Students of Art Institute

**BY ELEANOR JEWETT.**

Interesting announcements have been made by the Art Institute of Chicago. Although this is the holiday season, two which have reference to the school, are not out of the ordinary. Charles Fabens Kelley, dean of the Art Institute school, writes concerning the admission of beginning students as of the first of January.

Due to lack of classroom space, beginning students have been admitted only as of the first of the year, in September. By a resolution of the board of trustees, the admission of students in the lower grades has been postponed until the first of January. This is a very unusual step, and it is hoped that the school will be able to accommodate the students in the lower grades in the future.

The second new feature in the conduct of the school has to do with the teaching of the art of the human figure. The school has been given the right to use the services of the human figure in the study of the human figure. This is a very important step, and it is hoped that the school will be able to accommodate the students in the future.

**R. Tedrick, California, Heads Teachers of Math.**

Madison, Wis., Dec. 26.—(AP)—Prof. R. Tedrick, University of California, was nominated for president of the American Mathematical society at its annual meeting in Chicago. Tedrick is a well-known mathematician and has been a member of the society for many years.

**Medall Post Dance.**

The Medall Post dance, one of the most popular of the city, will be held at the Medall Post hall on Saturday night. The dance will be held from 8 to 11 p.m. and will be a very successful one.

## WINNIE WINKLE, THE BREADWINNER: He Knows the Ropes

### Verdi's "Aida" Carried to Nation by the Radio

New York, Dec. 26.—(Special).—In a unique program marking the presentation of grand opera in a combined concert and dramatic form, the first time over the radio, Verdi's opera, "Aida," was broadcast over a coast-to-coast network of 45 stations from 10 to 11 o'clock tonight under the auspices of the R. C. A.-Victor company.

Three noted artists of the Metropolitan Opera company and a chorus of twelve mixed voices sang the leading arias, accompanied by an orchestra. The plot of the opera being carried to the large radio audience by the spoken lines of a special cast of "actors."

### Commercial Teachers Will Meet Today, Hear Speeches

R. E. Pattison Kline, president of the Executive's club of Chicago, will speak on "The True Measure of America" today at the annual convention of the National Commercial Teachers' federation, which opens today at the Stevens hotel. An informal reception and the first session of the National Association of Accredited Commercial Schools was held last night. Speakers include W. J. Bogan, superintendent of schools; John Robert Gregg, founder of the shorthand system which bears his name, and former United States Senator J. Hamilton Lewis.

### Broadway Musical Show Faces Plagiarism Charges

New York, Dec. 26.—(AP)—Charges that the musical comedy, "Good News," which enjoyed a long Broadway run and now is on the road, was plagiarized from a play called "Bad News," which he wrote, were contained in a suit for an injunction and accounting filed in federal court today by Harry T. Hallahan.

### Winnebago Tribe Sends Floral Piece to Kohler

Madison, Wis., Dec. 26.—(Special).—Gov. Kohler's condition at the hospital at Rochester, Minn., where he underwent an operation for kidney stones, continues to improve, according to reports here. The governor received many messages and flowers on Christmas day, coming from all sections of Wisconsin, including a floral tribute from Chief George Monegar of the Winnebago tribe into which Gov. Kohler has been adopted as a chief.

### May Spend 30 Millions in Gotham Garbage Cleanup

New York, Dec. 26.—(Special).—The city was asked today by Dr. William Schroeder, commissioner of sanitation, to spend more than \$30,000,000 during 1930 to make New York clean. This money, if granted, will build a score of 500 ton incinerators, in which dirt and garbage will be burned, and nine garages in which the collection carts will be kept in repair.

### Harvard University Gets French Architects' Medal

New York, Dec. 26.—(AP)—The university medal of the American group of the French Society of Architects was awarded to Harvard university today at a luncheon given for Dr.

### George Harold Edgell, dean of the Harvard architecture department, the medal is awarded annually to the university which best lives up to the tradition of the Ecole des Beaux Arts in Paris.

Horace G. Driver, 27, an Australian, who has been studying design at New York university, was awarded a medal.

### Naples Opera Will Open Its Winter Season Today

NAPLES, Italy, Dec. 26.—(AP)—The famous San Carlo opera of Naples will open its winter season tomorrow with Wagner's "Twilight of the Gods," under the direction of Edoardo

### Vitala. A chorus of 100 and an orchestra of 124 have been engaged.

Claudia Muzio heads the list of divas, and American, Mina Horne of New York, who sang here two years ago, returns for another engagement. The male singers include Lauri-Volpi, Tancredi Pasero, Tito Schipa, Enrico Molinari, and Pedro Mirasol.

## Camp Algonquin Gets \$500 Check as Books Are Closing

Just when the Camp Algonquin fund was on the point of closing its 1929 books a nice fat check for \$500 rolled in to give it a final boost. The year's total raised by this fund through public subscription toward the maintenance of the Fox river valley camp for poor mothers and children now stands at \$5,824.66.

The gift came through the thought of the late Abbie E. Tyrrell of Oak Park, whose interest in the underprivileged of Chicago led her to remember seven charities generously in her will. The \$500, added to what had previously come from the Tyrrell fund during 1929, makes \$1,150 for Camp Algonquin, nearly one-fifth of the year's total of all contributions. The Tyrrell fund is administered by the Chicago Community Trust.

Even with the Tyrrell gift the Camp Algonquin fund fell far below the \$10,000 hoped for. That means that 1930 will see the new fund started with nothing to its credit.

### Sorority Carnival Tonight.

The Chicago Graduate Association of Alpha Epsilon Phi sorority is holding its second annual winter carnival at the North End club, Granville avenue and Sheridan road, tonight. Miss Malvina Loewenberg is in charge of the affair.

## WASHINGTON SOCIETY

(Chicago Tribune Press Service.)

Washington, D. C., Dec. 26.—Chief Justice and Mrs. William H. Taft were given a luncheon today by the British ambassador and Lady Isabella Howard, who had among the guests to meet them the Spanish ambassador, Mr. Davilla.

Others present were former Governor of Pennsylvania and Mrs. Gifford Pinchot, Dr. and Mrs. Vernon Kellogg, Mrs. Younghusband of Philadelphia, and Mrs. Cornelius Vanderbilt of New York, who is visiting her son-in-law and daughter, the Hungarian minister and Countess Czecheny.

The juniors of Washington society had their holiday dance this evening at the Willard under the sponsorship of Mrs. Ulysses S. Grant III, Mrs. Ekenegren, widow of a former Swedish minister; Mrs. Walter Tuckerman, and Mrs. Lindsay Russell, who received the guests. They each entertained a company of young people at dinner before the dance in honor of the young people of the official families who are at home for the holidays.

Mrs. Woodrow Wilson assisted this afternoon at the tea dance given by her brother and sister-in-law, Mr. and Mrs. Richard Wilmer Bolling, to present their daughter, Clara, to Washington society.

Capt. and Mrs. Frank B. Freyer gave a ball tonight at the Mayflower for their debutante daughter, Engracia, whom they presented at a tea a fortnight ago.

## CALL ANOTHER STATES' PARLEY ON BOULDER DAM

Jan. 6 Meeting Seeks to Halt Arizona Suit.

[Chicago Tribune Press Service.] Washington, D. C., Dec. 26.—(Special.)—In a final attempt to head off litigation threatened by the state of Arizona against the entire Boulder dam project, Secretary of the Interior Wilbur announced today that another conference has been arranged to be attended by representatives of the states of Arizona, California, and Nevada. Arizona broke off previous negotiations, refusing to attend further conferences and announcing that a suit would be brought in the United States Supreme court to enjoin construction of the dam.

Probably Meet in Phoenix. "Following an exchange of messages with Govs. Phillips, Young, and Palmer, a meeting will be held probably in Phoenix, Ariz., on Jan. 6," said Secretary Wilbur. "For this meeting there will be added to the regular members of the Colorado river commission of each of the participating states a special representative appointed by the governor of each state. Col. William J. Donovan will attend as the representative of the government. "The general plan is that this shall be a friendly meeting to iron out certain differences which exist between the states, particularly in the disposal of the water which will be made available through the erection of the dam. It has been agreed that no one is to be bound as a result of the deliberations, but it is hoped that an agreement can be reached and a report made not later than Feb. 1. Arizona has announced her intention of filing suit against the project. It is hoped that this final effort to bring about an agreement will avoid legal action."

Other Issues Remain. Besides the threatened litigation which would be based upon alleged infringement of the state sovereignty of Arizona by the federal government, there are other controversies which are delaying the completion of plans for the 165 million dollar project. Nevada and states of the northern basin of the Colorado have protested against the low price for power tentatively fixed by Secretary Wilbur. Nevada also has offered to assume a contract for all the power, the department's plans having contemplated that Nevada should have only a small fraction of the total, the bulk of it going to California.

## Wife, Target for Bricks and Knives, Wins Divorce

(Picture on back page.) Mrs. Jean M. Goldert, 20 years old, 4147 School street, yesterday won a divorce from Frank G. Goldert before Superior Judge Williams. Mrs. Goldert charged cruelty and habitual drunkenness, alleging that her husband threw bricks and knives at her. The Golderts were married on Sept. 26, 1926 and separated on April 1, 1928.

## WILL AUTHORIZE LAKE DIVERSION AFTER DEC. 31

Permit to Last Until High Court Acts.

Washington, D. C., Dec. 26.—(AP)—Authority for diversion of Lake Michigan water into the Chicago river after expiration on Dec. 31 of the present license will be given to the Chicago sanitary district by the war department. Secretary Hurley, who earlier had assured both Chicago and the lake states that he would do nothing to prejudice their interest in the matter which is now before the Supreme court of the United States, said today it had been decided that an administrative act would be necessary to permit diversion until such time as the Supreme court hands down a decision.

Follows Hughes Report. The order, which is to be issued in the next ten days, would permit diversion at the present rate for the time being, he said, conforming to the recommendations made by Charles Evans Hughes, special master appointed by the Supreme court.

In order not to conflict with any decision which may be reached by the court, Mr. Hurley said the extension of the privilege would have no set date for expiration, but would automatically terminate at the time the court's authority is asserted.

Attitude of Chicago Foes. Representatives of the lake states which are opposing the Chicago diversion recently asked Mr. Hurley not to act at the expiration of the present license. They argued that action by the war department while the case is in court might prejudice its final disposition, and further that while the Supreme court is considering the matter no other branch of the government had legal authority to act. On the last assumption, they contended that Chicago would be fully empowered to continue diverting the necessary water until the court decree was handed down.

At the time, Mr. Hurley indicated he believed their stand correct, but after consultation with the legal branch of the army he decided that diversion could not be continued without express authorization.

## TRAIN KILLS TWO, INJURES THREE OTHERS IN AUTO

Bloomington, Ill., Dec. 26.—(Special.)—Christmas cheer was turned to tragedy for two families today when a train struck an automobile at Bender's crossing, southeast of Bloomington, killed a father and his small daughter, and caused the serious injury of a mother and her twin infants. Fred Henson, 24, Hudson farmer, and his daughter, Helen, 5, were instantly killed as their automobile drove onto the Big Four tracks and into the path of a westbound passenger train. Mrs. Henson and the twins, Ruby and Ruth, aged 18 months, were injured. The car was dragged 100 feet. Relatives driving a short distance behind witnessed the accident.

Two Burn to Death After Crash. Fort Dodge, Ia., Dec. 26.—(AP)—John Adams, 25, and Marvin Beechler, 22, both of Sac City, Ia., were burned to death when their car caught fire after crashing into an Illinois Central freight train near Ulmer, west of here, early today.

Mandel's Store Hours Are from 9 o'Clock Till 5:30 o'Clock

# MANDEL'S

# GIANTS' PREXY CHARGED WITH \$500,000 FRAUD

New York, Dec. 26.—[Special.]—Attorneys for minority stockholders in the National Exhibition company, owners of the New York Giants, charged in the Supreme court today that Charles R. Steneham, president of the baseball club corporation, had used \$500,000 of the company's money for his own individual purposes.

An affidavit filed with Justice Callahan by Magistrate Francis X. McQuade, stockholder and former treasurer in the company, elaborated upon the accusation by naming several persons and persons for whom it is alleged Mr. Steneham diverted company funds in addition to obtaining advances for himself.

More than \$140,000, according to the magistrate, was given on Mr. Steneham's authorization to John J. McGraw, manager of the Giants; Peter G. Myers, Jasper T. Smith, the Cuba-America jockey club, the Lamb-McGraw Oil syndicate, the Calaveras company, and the Polo Grounds Athletic club.

Money Was Paid Back. The magistrate admitted the money had been paid back, but said it had been only at his continued insistence and then without payment of sufficient interest.

"It was I who demanded and caused repayment," he said, "and it was solely by reason of this attitude upon my part that I was ousted as director and treasurer of the National Exhibition company."

Voting of these charges opened the court battle in the feud between Mr. Steneham and Mr. McQuade, who are now involved in two lawsuits. The hearing today was the outgrowth of the action for an accounting started last November against the club president by the magistrate, William F. Keany, and other minority stockholders.

It took place on a motion of Leo J. Bondy, attorney for Mr. Steneham, to make Mr. McQuade and Daniel E. Finn, a Tammany leader and county clerk-elect, party defendants in the suit. After the hearing Justice Callahan reserved decision.

Mr. Bondy, who had declared previously that Mr. Steneham had loaned money to the National Exhibition company as well as borrowed from it, told the court that Magistrate McQuade had signed the company checks with drawing funds. If any liability attached to the withdrawals, he argued, the magistrate was equally liable and should be made a defendant in the accounting action along with the president.

He declared the magistrate had even gone on his knees to Mr. Steneham and "begged for forgiveness" in November, 1928, for "any" officers and directors.

**Canton Stalls to Win from Galesburg Five**  
Galesburg, Ill., Dec. 26.—[Special.]—Playing a slow breathing game, Canton High school eliminated Galesburg in the first round of the Big Nine tournament, 12 to 10, at the Galesburg armory tonight. The teams played on court terms during the first quarter with Fulton pulling ahead for a 4 to 4 lead at the half.

Canton opened up the stalling tactics in the fourth quarter, making no further attempts at the hoop. The locals counted 3 in this quarter from the foul line. Galesburg lost a chance to tie the score when Hartman missed a sleeper a few seconds before the game ended.

Vandermeer, playing his first year for Canton, was outstanding both on defense and offense. Hartman starred for Galesburg. Lineup: Galesburg (10): Canton (12):

**AT LINCOLN**  
In the last ten seconds Kluever made a short basket and gave Pekin a 5 to 4 decision over Mark Peterman's Springfield five. Neither team scored in the first and third periods, and Pekin led 3 to 1, at the half. Lineup:

**URBANA WINS.**  
By spectacular basket tossing in the closing quarter, Urbana eliminated Mattoon, 35 to 14. Mattoon led 12 to 8 at the half. Lineup:

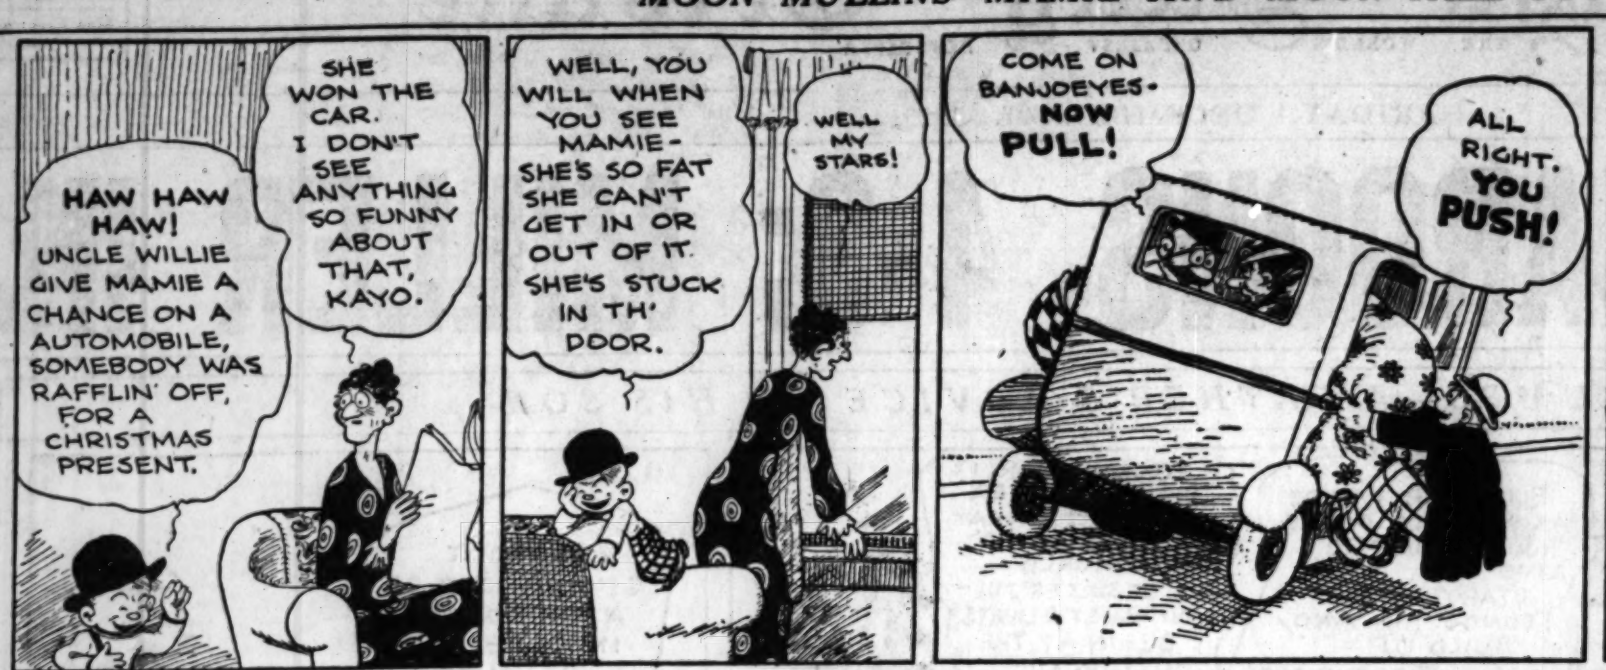

**WINNERS AT DE KALB.**  
De Kalb, Ill., Dec. 26.—[Special.]—Rochelle, Sycamore, Hickory, and West Aurora were victorious tonight in the annual De Kalb teachers' invitational prep basketball tournament.

Hickory trounced Rock Falls, 25 to 19; Sycamore downed Mount Morris, 25 to 6; Woodstock bowed to Hickory, 19 to 17; and West Aurora overwhelmed De Kalb High, 39 to 11.

**Ogden Dunes Remodels Slide for Ski Tourney**  
The Ogden Dunes Ski club is remodeling its huge slide near Cary in the hope that a distance record will be set during the third annual tournament, Sunday, Jan. 12. The slide, said to be the largest artificial ski hill in the world, consists of a 194 foot steel skeleton set on top of a 100 foot long. The slide itself is almost 400 feet long.

**Amateur Boxing Shows**  
Eight bouts, with George Goodman meeting Harold Grunington as the windup, is the card Matchmaker Willie Bell will present at the South Shore Athletic club, 4455 Stony Island avenue, tonight.

## MOON MULLINS-MAMIE AND MOON FALL OUT

### In the WAKE of the NEWS

EARLIER CHICAGO.

DEAR WAKE: This season recalls the Christmas time way back in 1880, when we girls of Lake street, then a not unfashionable neighborhood, went down to Carson Pirie's store at Madison and Dearborn to see the beautiful sights and decorations. After an hour of sight-seeing I took my bunch over to visit Friend Hugh Bradshaw and his wife at Halsted and Lake. Hugh was a wealthy tankmaker.

Mrs. Bradshaw sat us down, eight of us, to lovely warm navy beans, hot biscuits, and a swell cup of coffee. After an hour there we gave the hint we must walk home and Hugh teased us each a half dollar, "big" money for children in those days, and wished us a Merry Christmas.

On our way home we could hear sweet strains of music from the old dance hall at Wood and Lake, once Carr's dancing academy. Then we stopped at various stores to see what we could get. Pat O'Donnell's market yielded a hunk of bologna from Tommy Cahill, the butcher "Mohn" Beck's, and the street, for the same. John had four sons behind the block.

Next was Dr. Tucker's drug store at Leavitt. The doctor was a modest bachelor then. We all contracted croup at once and Doc gave us peppermint lozenges. Travis' candy store came next. Old Travis had rheumatism, so the jaw-breaker box suffered as we helped ourselves. Last came John Henderson's drug store. John had a big case of Horiores drops with a glass front on the counter. We liked Horiores drops, but John had labeled them that night with a skull and crossbones, indicating poison, so a quick exit for us.

Like the match seller of long ago, we didn't get many presents and finished up in a mild row—yes, as to whose baby brother or sister was the prettiest. Some of these girls went to riches, others to fame, and a few of us are still at large. Mrs. Katharine P. Cornell.

Well, it seems the dries have become involved in an argument among themselves. Far be it from us to seek to interfere in such a pleasant incident.

**In Wet Britain and Dry U. S.**  
Dear Harvey: Lord Brentford in a national weekly writes: "The number of prisoners in England has been reduced during the last 10 years by about 25 per cent. I understand the U. S. is about to appropriate \$7,000,000 for new prisons, which will relieve only temporarily the overcrowding. News, Dec. 26.

**This Wake Is**  
Conducted by Harvey T. Woodruff. Help! Help!

**So It Would Seem.**  
Friend Harvey: A friend has a clause in his contract with a big firm which provides for a nice bonus for Christmas. Would you call that a Santa clause? Dick A.S.

**That's About the Proportion.**  
HTW: I see that our friend, Mr. Shires, says that fight fans were dumb to pay five bucks apiece to see him get beat up by George Trachten. Does he mean by that that fight fans are five times as dumb as baseball fans? Joe Gooss.

**Dumbbell Pomes.**  
Santa came. The jolly bloke. Santa went. And left me broke. Badger Pete.

**A Little More Scotch.**  
And then there were two Scotchmen, twin brothers, who got on the pay tell-you-weight machine at the same time and divided the weight by two. The Minnesota Eskimo.

**Do You Remember War Back When?**  
Ladies were stock collars, usually white, and very high and tight—N. E. S., Maywood, Ill.

### STANFORD, ARMY FINISH DRILL FOR GAME TOMORROW

Coast Eleven Favorite to Repeat.

[Continued from First Sport Page]

Bill Hollenbeck was the ground gaining ace of the Red and Blue eleven. Warner gave the Indians a defense which halted Smith and Hollenbeck. Bob Polwell was also a member of that Penn team.

When Warner coached at Pittsburgh I officiated in a West Virginia game. The Mountaineers had a half back named Beck, who was looked upon as one of the sensations in that section. Warner's defense stopped the line of scrimmage on 90 per cent of his ground gaining efforts. Two years ago, when Stanford met Pittsburgh at Pasadena, the Cardinal team prevented Gibby Welsh from getting away for any long runs.

Chris Likes Opposition.

Warner's defense cramped Cagle's open field running in New York last Saturday and it should be just as effective Saturday.

It is extremely doubtful if Walter Heinicke, the Stanford center, will start the game or play at all. The cardinal pivot player was still in the hospital today suffering with a high temperature as the result of a cold.

In today's workout Warner had Taylor in the position. Heinicke is considered one of the best defensive centers in Pacific coast conference history.

Finebacker was limping today as a result of a knee injury received in scrimmage early in the week. Otherwise, the Stanford eleven is in fine physical condition.

**Stanford Remains Favorite.**

Although the Army is in perfect shape, a Stanford victory appears assured. Everything favors Pop Warner's team. The game will be played on the home field, Stanford has more and better reserves and last year's victory will help the team mentally when they trot out on the field.

Stanford stays Cagle—and I think it will—the Cardinals will win decisively. Coach C. W. Spears of Minnesota is among those here to watch the game. The Gophers will meet Stanford next year and Spears is anxious to get a glimpse of the general play of the Cardinals.

**Stagg, Griffith Present.**

A. A. Stagg of Chicago arrived this morning to witness the struggle and also to see the Southern California-Pittsburgh game at Pasadena on New Year's day. Stagg is eager to compare the physical condition of the Army and Pittsburgh. The West Pointers have been here for nearly a week while Pitt will not arrive until two days before its game. Stagg is anxious to know which will prove the most satisfactory way of making the long trip across the country. Maj. John L. Griffith, Big Nine commissioner of athletics, is also here to watch Saturday's game. He will officiate in the game between eastern and western all stars in San Francisco on New Year's day.

Dick Hanley, the Northwestern coach, who is helping to coach the eastern all star eleven, is confined to his bed with an attack of the flu. He did not appear on the field yesterday, but expects to be on the job in a few days.

**HYDE PK., BOWEN PREP FIVES SPLIT DOUBLE HEADER**

Hyde Park and Bowen divided a practice double header on the former's floor last night. The home heavyweights winning, 15 to 16, while the visitors triumphed, 24 to 13. Cole, Allman, and H. Johnson headed the Hyde Park heavies' attack with five points each. Harlowe and Moore collected an equal number for Bowen. Heavyweight lineup:

HYDE PARK (13): BOWEN (16):

RD IS GONE,  
ELIMINATIONS  
IN WITH US

OWER MOVING  
INTO QUARTERS  
PERSHING USED

Rebuilding White House  
Offices Begun.

(Chicago Tribune Press Service.)

Washington, D. C., Dec. 26.—(Special.)—President Hoover and his executive force will move into temporary quarters in the state, war and navy building tomorrow. Here in an office formerly occupied by Gen. John J. Pershing, the business of the nation's chief executive will be carried on while workers repair the damage caused by the fire which destroyed the White House executive offices on Wednesday.

Laborers were put at work clearing up the debris in the charred building this morning and present expectations are realized, the revamped and reconstructed offices will be ready for the President and his staff within six to eight days. Government officials decided today that with the exception of the outside walls, the plan for the rebuilding of the White House should be retained. The interior will be revamped to suit the President.

The President received callers today in the office where Abraham Lincoln signed the Emancipation Proclamation. In this historic room, the cabinet will hold its semi-annual meeting tomorrow.

Future cabinet meetings, however, will be held in the President's office in the state, war and navy building. In the war and navy building, the President's executive mail and arranged for the handling of the President's affairs. Secretaries Lawrence Richery and Walter Newton, both of whom were burned out by the fire, are using rooms directly across the hall from the President's temporary office. The remainder of the executive business was transacted in rooms on the basement floor of the White House.

Newspapers were assigned to the area room where President Hoover's press conference will be held. The press conference will be held in the area room where President Hoover's press conference will be held. The press conference will be held in the area room where President Hoover's press conference will be held.

A radio listener has to be veritable. So, next, a dramatic-musical version of "Aida," from New York, through KTW, 9 to 10. Elizabeth Rethberg, soprano, was the brightest light of a competent cast. Ordinarily, the less prominence given to grand opera librettos the better, as the music is more vital than the story, and story telling cuts down opera singing.

The Metropolitan church choir gave a program of camp meeting songs from WLS, 9:30 to 10. It was announced that this choir's repertoire of some 300 camp meeting songs is sung without a note of music.

The Berea [Ky.] college singers, six young women, were at WLS, 10 to 10:30 last evening. Their attractive programs of Kentucky mountain folk music and the lovely harmony of their voices won our admiration last year and indications are that a similar good impression is to result from their efforts this year.

An attempt will be made to pick up and rebroadcast in this country the speech of King George, Jan. 21, 9 o'clock a. m., Chicago time.

**Germany Hears Broadcast of an American Program**  
New York, Dec. 26.—(AP)—Concluding the first international exchange of Christmas radio programs, America today sent greetings to Germany. The program also went to a chain of Associated National Broadcasting company stations in this country. The program was clearly received in Germany, according to a cablegram.

**Police Search for Aged Citizen of Rock Island**  
Rock Island, Ill., Dec. 26.—(Special.)—Police were asked today to search for John D. Farnock, 79 years old, a retired soap manufacturer, who disappeared from the business section of Rock Island last Tuesday.

**Funeral for C. E. Bradford, Civil War Vet, Tomorrow**  
Funeral services for Charles E. Bradford, 84 years old, civil war veteran, will be held at 1 p. m. tomorrow at the chapel at 314 West 42d street, with burial at Thornton. Mr. Bradford died at his home at 7119 South Madison avenue on Christmas day. He was survived by two daughters, Mrs. L. E. Davis and Mrs. C. F. Boyer, and one brother, John F. Bradford. He was a member of Old Glory post of the G. A. R.

**Funeral for C. E. Bradford, Civil War Vet, Tomorrow**

## Musical Gives Elmer a Guide for Programs

Elisabeth Rethberg Wins Praise of Critic.

BY ELMER DOUGLASS.

Alfred Wathall's choice compositions, from W-G-N, 8 to 8:30, were in harmony with the major programs on the air last evening. The concert was entirely orchestral, with Mr. Wathall conducting. The selections here on titles, each number being preceded by a scenic description. So long as it is Wathall at or near his best many of us are completely satisfied. Mr. Wathall has caught the spirit of the best composers of the past as far back as the sixteenth century.

In W-G-N's succeeding 8:30 to 9 program the same orchestra rattled off catchy numbers, and a banjoist or two and a pair of jokers performed.

A radio listener has to be veritable. So, next, a dramatic-musical version of "Aida," from New York, through KTW, 9 to 10. Elizabeth Rethberg, soprano, was the brightest light of a competent cast. Ordinarily, the less prominence given to grand opera librettos the better, as the music is more vital than the story, and story telling cuts down opera singing.

The Metropolitan church choir gave a program of camp meeting songs from WLS, 9:30 to 10. It was announced that this choir's repertoire of some 300 camp meeting songs is sung without a note of music.

The Berea [Ky.] college singers, six young women, were at WLS, 10 to 10:30 last evening. Their attractive programs of Kentucky mountain folk music and the lovely harmony of their voices won our admiration last year and indications are that a similar good impression is to result from their efforts this year.

An attempt will be made to pick up and rebroadcast in this country the speech of King George, Jan. 21, 9 o'clock a. m., Chicago time.

**Germany Hears Broadcast of an American Program**  
New York, Dec. 26.—(AP)—Concluding the first international exchange of Christmas radio programs, America today sent greetings to Germany. The program also went to a chain of Associated National Broadcasting company stations in this country. The program was clearly received in Germany, according to a cablegram.

**Police Search for Aged Citizen of Rock Island**  
Rock Island, Ill., Dec. 26.—(Special.)—Police were asked today to search for John D. Farnock, 79 years old, a retired soap manufacturer, who disappeared from the business section of Rock Island last Tuesday.

**Funeral for C. E. Bradford, Civil War Vet, Tomorrow**  
Funeral services for Charles E. Bradford, 84 years old, civil war veteran, will be held at 1 p. m. tomorrow at the chapel at 314 West 42d street, with burial at Thornton. ## FIFTY MINISTERS AT THROGMORTON RITES AT MARION

Marion, Ill., Dec. 26.—(Special.)—Dr. W. P. Throgmorton, pastor emeritus of the First Baptist church and associate editor of the Illinois Baptist, which he formerly edited, was buried here today following services in which fifty Baptist ministers participated. Services were as Dr. Throgmorton had arranged months ago, and were in charge of Dr. H. A. Smoot, pastor of the church which Dr. Throgmorton assisted in entering the ministry.

The association quartet consisted of E. W. Reeder and A. W. Essick of Duquoin; J. M. Pepper of East St. Louis and H. L. Spencer of Paducah, Ky., sang the first selection, after which the various pastors took part. The deacons of the Third Baptist church, where he had been assistant pastor, were pallbearers and a group of young ministers whom Dr. Throgmorton assisted in entering the ministry were honorary pallbearers.

RALPH KRIBSER, 53 years old, an industrial engineer for the R. G. Allison company of Davenport, Iowa, died on Wednesday at his home at 1465 East 68th street.

**Prof. E. C. PAGE, HISTORIAN, DIES AT DE KALB HOME**  
De Kalb, Ill., Dec. 26.—(Special.)—Edward Carlton Page, head of the history department at the Northern Illinois State Teachers' college, died at his home here today of pneumonia. Prof. Page was nationally known for his history museum and for his historical data in connection with the Methodist Episcopal church. At the last three general conferences of that church he represented the Chicago area as a lay delegate.

He was also a member of the American Historical society, Illinois Historical society, and Mississippi Valley Historical association.

Funeral services will be held at 3 o'clock Sunday afternoon in the First Methodist church.

**California Wife of British Parliament Member Dies**  
LONDON, Dec. 26.—(AP)—Oliver Locker-Lampson, wife of Commander Locker-Lampson, M. P., died in a London nursing home yesterday after an operation. She was formerly Bianca Jacqueline Paget of Pasadena, Cal. She married Commander Locker-Lampson in 1923.

**Wife of Hertz Stable Manager Dies in Crash**  
Miami, Fla., Dec. 26.—(AP)—Mrs. William Watta, 45, Carey, Ill., wife of the manager of the John D. Hertz racing stables, was killed late today in the collision of her automobile with a Florida motor line bus.

## FUNERAL SET FOR OTTO BESSERER, EX-COURT CLERK

Funeral services for Otto Besserer, 68 years old, formerly chief clerk in the Circuit court clerk's office, will be held at 11 a. m. tomorrow at his residence at 1129 Wisconsin avenue, Oak Park, where he died on Wednesday night. Burial will be at Forest Home cemetery.

Mr. Besserer had been active in Republican politics on the west side for many years and had served as secretary of the 23d ward Republican organization for 30 years. He was employed in the county treasurer's office from 1910 to 1916 and in the Circuit court clerk's office from 1916 to 1923. Since September he had been connected with the gas and electric department of the Chicago board of public works.

He was a member of the Masonic fraternity, the American Brotherhood, and the Royal Arcanum. He is survived by his widow, Mrs. Ottilie Besserer; three daughters, Harriet, Laura, and Gladys Besserer, and one son, Otis.

# ACTIVE ISSUES RISE IN CHICAGO STOCK TRADING

## Automotive Group Shows Strong Tone.

BY THOMAS FURLONG.

Moderate advances were made by active issues on the Chicago exchange yesterday. Trading was fairly active with a total of 225,000 shares changing hands.

Grigsby Grunow and Chicago corporation led in point of volume and each finished with slight gains.

The automobiles as a group displayed a strong tone with a thousand shares, advancing 13 points to 191.50. The group was in good demand and closed with a net gain of more than a point. Bendix Aviation improved 1 1/2 on active trading. Among the less active stocks Nobbit Sparks and Nachman Spring were prominent, with gains of 3 and 4 1/2, respectively. Borg Warner was fairly active but showed a change of less than a point on the strong side at the close.

### Butler Bros. Steady.

In the miscellaneous list Butler Bros. was steady and was a fraction above being subject to heavy pressure in recent sessions. A. M. Castle, Kalamazoo State, and Art Metal closed with good gains. John R. Thompson improved a point following presentation of announcement that the firm will show another record year for earnings and sales.

Chain Belt was a fraction higher on light sales. President C. R. Mosinger states that he expects earnings for the current year to approximate \$7 per share on the 120,000 shares of common stock outstanding. Last year's earnings equaled \$5.75 a share. The company's products include construction machinery and equipment and conveying and transmitting chain.

Directors of the Keystone Steel and Wire company voted to reduce the dividend rate from 12 to \$2 a share by the declaration of a regular quarterly payment of 50 cents, against 75 cents formerly. Following announcement of the directors' action the stock sold off to a new low of 18 1/2, but rallied and closed at 22, with a net gain of 1 point.

Manhattan Dearborn in fairly active trade finished with a gain of a point. Insull Utility improved more than a point. Hancock Whitney was off 1 1/2, while North West Bancorporation advanced one.

### Plans Capital Changes.

Central and South West and Middle West were up fractionally, in sympathy with strength shown by Insull. Changes in capitalization whereby the 17 prior preferred stock is changed to preferred stock, the \$8 preferred stock into preference stock, and the class A and B shares into common stock have been approved by the stockholders of the United States Steel corporation. Authorization was also made by directors for new option warrants to purchase common stock at \$40 a share to Dec. 31, 1931, and thereafter at \$50 a share to Dec. 1, 1934.

Grigsby-Grunow company reports that production has been increased to 4,000 sets daily. Employees of the firm now total 10,000.

## XMAS SPIRIT SEEN IN CURB MART ADVANCE

(Chicago Tribune Press Service.)

New York, Dec. 26.—The post-Christmas season spirit today was distinctly more cheerful than the pre-Christmas attitude on the curb exchange. With Standard Power and Insull as the flag bearers, a new list of active stocks surged forward from 1 to 21 points on a fair volume of sales. The turnover amounted to about 1,000,000 shares.

The utilities and industrialists attracted the bulk of dealers and made the best advances as a rule, but investment trusts and oils also were firm. There was pressure against numerous shares, but most of the issues which sold off did so on small volume.

Declines ranging from 1 to 10 points affected such stocks as Allied International, Aluminum of Indiana, American Clear, American Department First, American Tires, American Manufacturing, Commonwealth Edison, General Cable, General Electric, General Motors, and Hygrade Foods.

## Nation Invests 45 Billions in 7 Years for Construction

The national bureau of economic research is soon to publish a 500 page report, under the title of "The National Income and the Building Program." Among other things the report will show that in the seven years since 1922 the money invested in city construction projects in the United States has reached the historic mark of \$41,700,000,000, while similar work on the nation's farms has aggregated \$1,853,000,000, making a total for the entire country of \$43,553,000,000 in this period.

## ARRIVAL OF BUYERS

Buyers may register in this column by telephoning Standard 0100, by mailing in a coupon, or by filing out blank cards at the Chicago Tribune Building, 310 North Dearborn street, 10th floor, Chicago, Ill.

TERESA HAYES, Inc., 100 N. Dearborn, Chicago, Ill., is a subsidiary of the Hayes Bros. Co., 100 N. Dearborn, Chicago, Ill., which is a subsidiary of the Hayes Bros. Co., 100 N. Dearborn, Chicago, Ill.

The Chicago market quotations registered the following: Mr. Silver, Misses' Women's Co., 100 N. Dearborn, Chicago, Ill.

## Argentine Estimates Show Material Drop.

By CHARLES MICHAELS.  
Argentine wheat crop estimates have shown a material drop in the last week or ten days, and while grain operators are inclined to feel that the official estimate of an exportable surplus of 50,000,000 bu. is too low, an average of ten private reports given to the trade last week shows a total of only 76,000,000 bu.

With a carryover of 24,000,000 bu., this is said to indicate a surplus of 100,000,000 bu. compared with actual clearances of 250,000,000 bu. the previous season. Recently estimates ranged from 92,000,000 to 140,000,000 bu., while in the last few days the highest figures have been 52,000,000 bu. A decline in the Buenos Aires wheat market was instrumental in bringing in local and commission houses selling wheat for export, which carried prices off around 1 1/2¢ per bushel for May, and there was general short covering which lifted values 1/4¢ to 1/2¢ from the low to a new high on the present movement on the nearby futures, and the close was at net values of 1 1/2¢, except on July, which was 1/4¢ lower. Buenos Aires closed 1 1/2¢ lower, and Rosario 1/4¢ lower, while Winnipeg was 1/4¢ higher.

### Exporters After Wheat.

A study of moisture and temperature reports from Argentina covering 26 years has been made by the United States department of agriculture, and their estimate on the wheat crop of that country based on this data has been the most proven reliable. The crop this season, based on comparable data, is estimated at 152,000,000 bu. or within 11,000,000 bu. of the official Argentine government figures.

While European wheat markets were generally closed there were indications of a break demand for wheat, and the basis at the Gulf was firmer. Late in the day New York bid equal to 1 1/2¢ over Chicago May for No. 1 hard winter wheat. The first half January loading and export figures were reported at Kansas City. Liverpool will reopen today. Part of the decline in the Buenos Aires market was attributed to American selling orders.

The cooperatives indicate that they will support the wheat market on any break, as an Ontario wheat claimer that they would buy there on the basis of \$1.15 for No. 1 hard and \$1.13 for No. 3 hard, presumably country run wheat. However, the present market is 70¢ above these prices. This was the first indication that No. 3 hard winter would be taken.

### December Corn Reader.

A heavier movement of cash corn to leading terminal markets led to a material drop in the December delivery. Country offerings to the strength in wheat prices averaged lower, closing with net losses of 1/4¢ to 1/2¢.

Prices had a range of only 1/4¢ to 1/2¢ for the day, with trade largely of a local character. Country offerings to arrive were small, with the spot basis 1/4¢ lower to 1/2¢ higher. Buenos Aires futures closed 1/4¢ to 1/2¢ lower. Futures received support on breaks from commission houses, while near-bys were the best sellers. Final trades were about the top in sympathy with wheat, and the finish was unchanged to 1/4¢ higher.

### SCATTERED SELLING IN LARD.

A fair amount of scattered selling in the near future of lard, combined with the early weakness in grains and an easier tone in the hog market, carried prices down yesterday with a light trade, and despite the strength in wheat prices averaged lower, closing with net losses of 1/4¢ to 1/2¢.

Prices had a range of only 1/4¢ to 1/2¢ for the day, with trade largely of a local character. Country offerings to arrive were small, with the spot basis 1/4¢ lower to 1/2¢ higher. Buenos Aires futures closed 1/4¢ to 1/2¢ lower. Futures received support on breaks from commission houses, while near-bys were the best sellers. Final trades were about the top in sympathy with wheat, and the finish was unchanged to 1/4¢ higher.

## CASH-GRAIN NEW S MARKETS

While the seaboard reported a slow demand for cash wheat from abroad, due to a majority of foreign markets being closed, there was evidence of a brisk demand for hard winters at the Chicago. Kansas City reported New York bidding equal to 3¢ under Chicago.

Range of cash grain prices in leading markets follow:

HOOVER CR  
COMMISSION  
SUBMIT BA

Will Ask Sweet  
Reorganization

[Chicago Tribune Press Service]  
Washington, D. C., Dec. 27.—Definite proposals for reorganizing prohibition enforcement have been completed by the Hoover commission and will be submitted to congress after the Christmas recess. The commission will recommend:  
1. Transfer of the prohibition enforcement to the department of justice to centralize responsibility for the detecting and prosecuting agencies under one head.  
2. Effective steps to be taken to suppress the federal courts.  
3. Codification of the four laws dealing with prohibition so that all prosecutions will be unified.  
4. Strengthening of border controls by limiting the entry and combining the customs, immigration, and prohibition investigations conducted by the prohibition commission and other agencies have convinced the nation that enforcement of prohibition should be brought about by a single agency. One of the reasons for the virtual breakdown in the prohibition enforcement is the overlapping of jurisdictions due to the big prohibition cases.  
Coincident with the disclosure of the crime commission, the holiday free for prohibition battle among members of congress and administration officials continued with unabated intensity.  
The heat of the present commission with the disclosure that the President, through his commission, intends to put in effect the making of the dry law square up to congress, certain that prohibition enforcement will be a storm center for months.  
**Report Ready for Congress**  
The disclosure of the crime commission's program came on the heels of a report on the commission's activities.  
Persons in close touch with the commission were quick to disclose that the investigators had "smoked out" by these demands made known today, to make recommendations for a new prohibition enforcement. The commission has been unable to report because had not acted on the prohibition committee be appointed to the question of transferring enforcement to the department of justice.  
The senate has noted favorably the request, but the house is slow to act. As soon as the commission is ready for work, it is expected to submit its recommendations to the house. The prohibition enforcement methods of bettering it.  
**Report Only Preliminary**  
No attempt to solve the prohibition enforcement problem made by the commission is reported. The commission, however, today, have found that prohibition enforcement a tremendous one to approach gradually. The commission today, however, would be able to obtain recommendations allude to the making of the dry law effect. It was indicated that the commission's preliminary report touch only on strengthening the dry law and not discuss the abuses that have grown up under it. Official statistics show that 50,000 dry law cases have been filed, only 4,000 were tried, the others having been dropped.  
And Too Much Buck Passes  
On matter which caused the commission was the prohibition. Their investigation, due to lack of authority, the blame for failure to enforce prohibition was placed on the commission.
